Zogenix, Inc.
Notes to Condensed Consolidated Financial Statements (Unaudited)

Note 1 – Organization and Basis of Presentation

Zogenix, Inc., including its wholly-owned subsidiaries (the “Company”), is a pharmaceutical company developing and commercializing innovative central nervous system (“CNS”) therapies for people living with serious and life-threatening rare CNS disorders and medical conditions. The Company’s current primary area of therapeutic focus is rare, or “orphan” childhood-onset epilepsy disorders and its lead product candidate is ZX008. ZX008 is currently being developed for the treatment of seizures associated with Dravet syndrome and Lennox-Gastaut Syndrome. The Company operates in one business segment—the research, development and commercialization of pharmaceutical products and its headquarters are located in Emeryville, California.

Basis of Presentation

The accompanying condensed consolidated financial statements include the accounts of Zogenix, Inc. and its wholly-owned subsidiaries. Intercompany accounts and transactions have been eliminated in consolidation. The condensed consolidated financial statements have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission (the “SEC”) for interim financial reporting. In the opinion of management, the condensed consolidated financial statements reflect all adjustments, which are normal and recurring in nature, necessary for fair financial statement presentation. Certain reclassifications have been made to the prior period amounts to conform to the current year presentation. “Accrued clinical trial expenses” and “Other accrued liabilities”, which previously were reported as “Accrued expenses” on the condensed consolidated balance sheet, are now reported as separate line items. Additionally, previously reported “Interest expense, net” has been reclassified to present interest income and interest expense separately in the accompanying condensed consolidated statements of operations. The results of operations for any interim period are not necessarily indicative of results of operations for any future period. Certain information and footnote disclosures normally included in annual consolidated financial statements prepared in accordance with generally accepted accounting principles in the United States (“GAAP”) have been condensed or omitted. Accordingly, these unaudited interim condensed consolidated financial statements and accompanying notes should be read in conjunction with the consolidated financial statements and related notes included in the Company’s Annual Report on Form 10-K for the year ended December 31, 2017, which was filed with the SEC on March 6, 2018.

Future Funding Requirements

Excluding gains from two discrete business divestitures, the Company has incurred significant net losses and negative cash flows from operating activities since inception resulting in an accumulated deficit of \$673.5 million at September 30, 2018. The Company expects to continue to incur significant operating losses and negative cash flows from operations to advance its product candidates through development and commercialization. Additionally, upon acceptance of the Company’s regulatory submissions for ZX008 by the U.S. Food and Drug Administration (“FDA”) or the European Medicines Agency (“EMA”) and regulatory approval of ZX008 by the FDA or EMA, if at all, each a milestone event, the Company will owe milestone payments under an existing agreement in connection with the Company’s prior acquisition of ZX008. To date, the Company has relied primarily on the proceeds from equity offerings to finance its operations. See Note 6 for the Company’s recent equity offerings.

Until the Company can generate a sufficient amount of revenue to finance its cash requirements, if ever, the Company may need to continue to rely on additional financing to achieve its business objectives. However, if such financing is not available at adequate levels when needed, the Company may be required to significantly delay, scale back or discontinue one or more of the product development programs or commercialization efforts or other aspects of its business plans, and its operating results and financial condition would be adversely affected.

Note 2 – Summary of Significant Accounting Policies

Use of Estimates

The preparation of condensed consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the condensed consolidated financial statements and accompanying notes. Actual results may differ from those estimates.

Significant Accounting Policies

There have been no material changes to the Company's significant accounting policies from those described in the Company's Annual Report on Form 10-K for the year ended December 31, 2017, other than as set forth below.

Cash Equivalents and Marketable Securities

The Company considers cash equivalents to be only those investments which are highly liquid, readily convertible to cash and have an original maturity of three months or less at the date of purchase.

The Company invests its excess cash in marketable securities with high credit ratings that are classified as Level 1 and Level 2 within the fair value hierarchy. These marketable securities consists of money market funds and certificate of deposits, securities issued by the U.S. government and its agencies, corporate debt securities and commercial paper, which are all classified as "available-for-sale". The Company considers all available-for-sale securities, including those with maturity dates beyond 12 months, as available to support current operational liquidity needs and, therefore, classifies all securities with maturity dates beyond three months at the date of purchase as current assets on the condensed consolidated balance sheets. The amortized cost of debt securities is adjusted for amortization of premiums and accretion of discounts to maturity, which is included in interest income on the condensed consolidated statements of operations and comprehensive loss. Realized gains and losses and declines in value judged to be other-than-temporary, if any, on marketable securities are included in interest income (expense), net. The cost of securities sold is determined using the specific identification method.

The Company periodically evaluates whether declines in fair values of its marketable securities below their book value are other-than-temporary. This evaluation consists of several qualitative and quantitative factors regarding the severity and duration of the unrealized loss as well as the Company's ability and intent to hold the marketable security until a forecasted recovery occurs. Additionally, the Company assesses whether it has plans to sell the security or it is more likely than not it will be required to sell any marketable securities before recovery of its amortized cost basis. Factors considered include quoted market prices, recent financial results and operating trends, implied values from any recent transactions or offers of investee securities, credit quality of debt instrument issuers, other publicly available information that may affect the value of the marketable security, duration and severity of the decline in value, and management's strategy and intentions for holding the marketable security. To date, the Company has not recorded any impairment charges on its marketable securities related to other-than-temporary declines in market value.

Concentration of Credit Risk

Cash, cash equivalents and marketable securities are financial instruments that potentially subject the Company to concentration of credit risk. The Company invests its excess cash primarily in money market funds and certificate of deposits, securities issued by the U.S. government and its agencies, corporate debt securities and commercial paper. The Company has established guidelines relative to diversification and maturities to maintain safety and liquidity. The Company has not experienced any credit losses related to these financial instruments and does not believe it is exposed to any significant credit risk related to these instruments.

Accounting Pronouncements Recently Adopted

Accounting Standards Update ("ASU") 2014-09, *Revenue from Contracts with Customers (Topic 606)* and subsequent amendments to the initial guidance (collectively, "Topic 606") amended the existing accounting standards for revenue recognition. The core principle of Topic 606 is to recognize revenues when promised goods or services are transferred to customers in an amount that reflects the consideration that is expected to be received for those goods or services. The Company adopted Topic 606 effective January 1, 2018 using the modified retrospective approach. The adoption of Topic 606 did not have a material impact on the Company's condensed consolidated financial statements as the Company does not have any contracts with customers.

ASU 2016-15, *Statement of Cash Flows (Topic 230)* provides guidance on eight specific cash flow issues, thereby reducing the diversity in practice in how certain transactions are classified in the statement of cash flows. The amendments in this ASU are applied using a retrospective transition method to each period presented. The Company adopted ASU 2016-15

effective January 1, 2018. The adoption of this ASU did not have a material impact on the Company's condensed consolidated financial statements.

ASU 2017-01, *Business Combinations (Topic 805): Clarifying the Definition of a Business* narrows the definition of a business and provides additional guidance to assist entities with evaluating whether transactions should be accounted for as acquisitions (or disposals) of assets or businesses. This accounting standards update is required to be applied prospectively to transactions occurring after the date of adoption. The Company adopted ASU 2017-09 effective January 1, 2018. The adoption of this ASU did not have a material impact on the Company's condensed consolidated financial statements.

ASU 2017-09, *Compensation—Stock Compensation (Topic 718): Scope of Modification Accounting* provides guidance on determining changes to the terms and conditions of share-based payment awards and require an entity to apply modification accounting under Topic 718 unless all of the following conditions are met: (1) the fair value of the modified award is the same as the fair value of the original award immediately before the original award is modified. If the modification does not affect any of the inputs to the valuation technique that the entity uses to value the award, the entity is not required to estimate the value immediately before and after the modification; (2) the vesting conditions of the modified award are the same as the vesting conditions of the original award immediately before the original award is modified; and (3) the classification of the modified award as an equity instrument or a liability instrument is the same as the classification of the original award immediately before the original award is modified. The amendments should be applied prospectively to an award modified on or after the adoption date. The Company adopted ASU 2017-09 effective January 1, 2018. The adoption of this ASU did not have a material impact on the Company's condensed consolidated financial statements.

On December 22, 2017, the U.S. federal government enacted the Tax Cuts and Jobs Act ("the Act"). The Tax Act contains, among other things, significant changes to corporate taxation, including reduction of the corporate tax rate from a top marginal rate of 35% to a flat rate of 21% for tax years beginning after December 31, 2017, limitation of the deduction for net operating losses to 80% of current year taxable income and elimination of net operating loss carrybacks, implementing a territorial tax system, and requiring a mandatory one-time tax on U.S. owned undistributed foreign earnings and profits known as the transition tax. In December 2017, SEC staff issued Staff Accounting Bulletin No. 118, *Income Tax Accounting Implications of the Tax Cuts and Jobs Act* ("SAB 118") to address the accounting implications of recently enacted U.S. federal tax reform. SAB 118 allows companies to record provisional amounts during a measurement period not to extend beyond one year of the enactment date to address ongoing guidance and tax interpretations that are expected over the next 12 months. The Company has adopted SAB 118 and currently considers its accounting of the impact of U.S. federal tax reform to be incomplete but continues to make a reasonable estimate of the effects on our existing deferred tax assets. The Company expects to complete the remainder of the analysis within the measurement period in accordance with SAB 118. Adjustments, if any, are not expected to impact the condensed consolidated statement of operations and comprehensive loss due to the full valuation allowance on the Company's deferred tax assets.

ASU 2018-07, *Compensation—Stock Compensation (Topic 718): Improvements to Nonemployee Share-Based Payment Accounting* simplifies the accounting for share-based payment awards issued to nonemployees for goods and services, including fixing the estimated fair value of the stock award at the date of grant. ASU 2018-07 expands the scope of Topic 718 to include share-based payment transactions for acquiring goods and services from non-employees. Consequently, the accounting for share-based payments to nonemployees and employees will be substantially aligned. The adoption of ASU 2018-07 requires a modified retrospective transition approach, with a cumulative-effect adjustment to retained earnings as of the beginning of the fiscal year. ASU 2018-07 is effective for public companies for fiscal years beginning after December 15, 2018, including interim periods within that fiscal year. Early adoption is permitted, but no earlier than an entity's adoption date of Topic 606. The Company early adopted ASU 2018-07 effective July 1, 2018. The adoption of this ASU did not have a material impact on the Company's condensed consolidated financial statements.

In August 2018, the SEC adopted amendments to certain disclosure requirements in Securities Act Release No. 33-10532, *Disclosure Update and Simplification*. These amendments eliminate, modify, or integrate into other SEC requirements certain disclosure rules. Among the amendments is the requirement to present an analysis of changes in stockholders' equity in the interim financial statements included in quarterly reports on Form 10-Q. The analysis, which can be presented as a footnote or separate statement, is required for the current and comparative quarter and year-to-date interim periods. The amendments became effective for all filings made on or after November 5, 2018. In light of the anticipated timing of effectiveness of the amendments and expected proximity of effectiveness to the filing date for most filers' quarterly reports, the SEC's Division of Corporate Finance issued a Compliance and Disclosure Interpretation related to Exchange Act Forms, or CDI – Question 105.09, that provides transition guidance related to this disclosure requirement. CDI – Question 105.09 states that the SEC would not object if the filer's first presentation of the changes in shareholders' equity is included in its Form 10-Q for the quarter that begins after the effective date of the amendments. Except for the requirement to provide the annual disclosure

changes in stockholders' equity for interim periods, which will be included beginning with the Company's quarterly report on Form 10-Q ending March 31, 2019, the Company has adopted all relevant disclosure requirements.

Accounting Pronouncements Issued But Not Yet Effective

ASU 2016-02, *Leases (Topic 842)* establishes a right-of-use model ("ROU") that requires all lessees to recognize ROU assets and liabilities for leases with a duration greater than one year on the balance sheet as well as provide disclosures with respect to certain qualitative and quantitative information regarding the amount, timing and uncertainty of cash flows arising from leases. Both a ROU asset and liability will initially be measured at the present value of the future minimum lease payments over the lease term. Subsequent measurement, including the presentation of expenses and cash flows, will depend on the classification of the lease as either a finance or an operating lease. Initial costs directly attributable to negotiating and arranging the lease will be included in the asset. The new standard is effective for fiscal years beginning after December 15, 2018, and interim periods therein. Early adoption is permitted. Originally, entities were required to adopt ASU 2016-02 using a modified retrospective approach, which required prior periods to be presented under this new standard with various practical expedients allowed. In July 2018, the Financial Accounting Standards Board ("FASB") issued ASU 2018-11, *Leases (Topic 842): Targeted Improvements*, which now allows entities the option of recognizing the cumulative effect of applying the new standard as an adjustment to the opening balance of retained earnings in the year of adoption (January 1, 2019) while continuing to present all prior periods under previous lease accounting guidance. The Company intends to adopt the standard on January 1, 2019 by recognizing a cumulative effect adjustment to the opening balance of retained earnings and utilizing the practical expedient that allows the Company to not reassess whether an expired or existing contract contains a lease, the classification of leases or initial direct costs. The Company is in the process of inventorying and scoping its existing lease contracts. While the Company is currently evaluating the impact of adopting this accounting standard update on its condensed consolidated financial statements and related disclosures, the Company anticipates that ROU assets and corresponding liabilities will be recognized in its condensed consolidated balance sheets related to its lease arrangements. The adoption of these standards are also expected to impact the Company's condensed consolidated financial statement disclosures.

ASU 2017-04, *Intangibles-Goodwill and Other (Topic 350): Simplifying the Test for Goodwill Impairment* simplifies how an entity is required to test goodwill for impairment by eliminating Step 2 from the goodwill impairment test. Step 2 measures a goodwill impairment loss by comparing the implied fair value of a reporting unit's goodwill with the carrying amount of that goodwill. Under the amendments in ASU 2017-04, an entity should recognize an impairment charge for the amount by which the carrying amount of a reporting unit exceeds its fair value; however, the loss recognized should not exceed the total amount of goodwill allocated to that reporting unit. The updated guidance requires a prospective adoption. ASU 2017-04 is effective for fiscal years beginning after December 15, 2019, including interim periods within those fiscal years. Early adoption is permitted for goodwill impairment tests performed on testing dates after January 1, 2017. The Company is currently evaluating the timing and impact of adopting this ASU on its condensed consolidated financial statements and related disclosures.

ASU 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement* modifies the disclosure requirements in Topic 820, Fair Value Measurement, by removing certain disclosure requirements related to the fair value hierarchy, modifying existing disclosure requirements related to measurement uncertainty and adding new disclosure requirements, such as disclosing the changes in unrealized gains and losses for the period included in other comprehensive income for recurring Level 3 fair value measurements held at the end of the reporting period and disclosing the range and weighted average of significant unobservable inputs used to develop Level 3 fair value measurements. This ASU is effective for public companies for fiscal years beginning after December 15, 2019, including interim periods within that fiscal year. Early adoption is permitted for any removed or modified disclosures. The Company is currently evaluating the timing and impact of adopting this ASU on its condensed consolidated financial statements and related disclosures.

There have been no significant realized gains or losses on available-for-sale securities for the periods presented. Available-for-sale debt securities that were in a continuous loss position but were not deemed to be other than temporarily impaired were immaterial at September 30, 2018.

See Note 4 for further information regarding the fair value of the Company's financial instruments.

Note 4 – Fair Value Measurements

The carrying amount of the Company's financial instruments, including cash and cash equivalents, other current assets, accounts payable, accrued and other current liabilities approximate their fair value due to their short maturities.

Authoritative guidance establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value as follows:

- Level 1: Observable inputs such as quoted prices in active markets;
- Level 2: Inputs, other than the quoted prices in active markets, that are observable either directly or indirectly; and
- Level 3: Unobservable inputs in which there is little or no market data, which require the reporting entity to develop its own assumptions.

The following tables summarize assets and liabilities recognized or disclosed at fair value on a recurring basis as of September 30, 2018 and December 31, 2017 (in thousands):

- (1) Fair value is determined by taking into consideration valuations obtained from third-party pricing services. The third-party pricing services utilize industry standard valuation models, for which all significant inputs are observable, either directly or indirectly, to estimate fair value. These inputs include reported trades of and broker/dealer quotes on the same or similar securities; issuer credit spreads; benchmark securities; and other observable inputs.
- (2) Represents the fair value of common stock warrants outstanding that may require cash settlement under certain circumstances. The Company estimated the fair value of the warrant liabilities using the Black-Scholes valuation model. As of December 31, 2017 and September 30, 2018, common stock warrant liabilities relate to warrants issued in July 2011 in connection with a debt financing arrangement. The warrants entitle the holder to purchase up to 28,125 shares of common stock at an exercise price of \$72.00 per share. The warrants will expire in July 2021.
- (3) In connection with a prior acquisition, the Company may be required to pay future consideration that is contingent upon the achievement of specified development, regulatory approval or sales-based milestone events. The Company estimated the fair value of the contingent consideration liabilities on the acquisition date using a probability-weighted income approach, which reflects the probability and timing of future payments. This fair value measurement is based on significant Level 3 inputs such as the anticipated timelines and probability of achieving development, regulatory approval or sales-based milestone events and projected revenues. The resulting probability-weighted cash flows are discounted at risk-adjusted rates. Subsequent to the acquisition date, at each reporting period prior to settlement, the Company revalues these liabilities by performing a review of the assumptions listed above and record increases or decreases in the fair value of these contingent consideration liabilities. In the absence of any significant changes in key assumptions, the quarterly determination of fair values of these contingent consideration liabilities would primarily reflect the passage of time and

risk-adjusted interest rates. Significant judgment is used in determining Level 3 inputs and fair value measurements as of the acquisition date and for each subsequent reporting period. Updates to assumptions could have a significant impact on the Company's results of operations in any given period and actual results may differ from estimates. For example, significant increases in the probability of achieving a milestone or projected revenues would result in a significantly higher fair value measurement while significant decreases in the estimated probability of achieving a milestone or projected revenues would result in a significantly lower fair value measurement. Significant increases in the discount rate or in the anticipated timelines would result in a significantly lower fair value measurement while significant decreases in the discount rate or anticipated timelines would result in a significantly higher fair value measurement. The potential contingent consideration payments required upon achievement of development, regulatory approval and sales-based milestones related to the Company's acquisition of ZX008 range from zero if none of the milestones are achieved to a maximum of \$95.0 million (undiscounted). As of September 30, 2018, the Company has classified \$32.5 million of the total contingent consideration liabilities of \$80.1 million as current liabilities. The classification was based upon the Company's reasonable expectation as to the timing of settlement of certain specified milestones.

The following table provides a reconciliation of liabilities measured at fair value on a recurring basis using significant unobservable inputs (Level 3) for the three and nine months ended September 30, 2018 and 2017 (in thousands):

	June 30, 2018	Change in Fair Value	September 30, 2018	June 30, 2017	Change in Fair Value	September 30, 2017
Contingent consideration liabilities	\$ 74,400	\$ 5,700	\$ 80,100	\$ 53,900	\$ 10,500	\$ 64,400
Common stock warrant liabilities	543	64	607	69	380	449

	December 31, 2017	Change in Fair Value	September 30, 2018	December 31, 2016	Change in Fair Value	September 30, 2017
Contingent consideration liabilities	76,900	\$ 3,200	\$ 80,100	\$ 52,800	\$ 11,600	\$ 64,400
Common stock warrant liabilities	512	95	607	809	(360)	449

The changes in fair value of the liabilities shown in the table above are recorded through change in fair value of contingent consideration liabilities within operating expense and the change in fair value of common stock warrant liabilities within other income (expense) in the condensed consolidated statements of operations.

There were no transfers between levels during the periods presented. See Note 3 for further information regarding the amortized cost of the Company's financial instruments.

Note 5 – Commitments and Contingencies

Leases

The Company has two noncancellable operating leases consisting of administrative and research and development office space for its Emeryville, California headquarters and former headquarters in San Diego, California that expire in November 2022 and March 2020, respectively. The former headquarters has been subleased to an unrelated third party for the remainder of the Company's original lease term. Future minimum lease payments under our non-cancellable operating leases at September 30, 2018, net of sublease income, were as follows (in thousands):

	Gross Lease Payments	Sublease Income	Net Lease Payments
2018 (remaining 3 months)	\$ 481	\$ (136)	\$ 345
2019	1,955	(576)	1,379
2020	1,234	(148)	1,086
2021	1,004	—	1,004
2022	946	—	946
Total	\$ 5,620	\$ (860)	\$ 4,760

In October 2018, the Company executed a lease for new headquarters with its current landlord to move to a facility nearby its current headquarters in Emeryville, California. The lease has an initial term that expires on June 30, 2027 and provides for one five-year renewal option. Concurrent with the new lease, the landlord agreed to terminate the Company's existing lease once it completes the move to the new headquarters. The cash expected to be paid for rent over the term of the new lease of eight years is approximately \$15.3 million beginning in June 2019, partially offset by a reduction in the commitments under its existing headquarter lease.

Legal Matters

The Company is not currently involved in any material legal proceedings. The Company may become involved in various legal proceedings and claims that arise in the ordinary course of business. Such matters are subject to uncertainty and there can be no assurance that such legal proceedings will not have a material adverse effect on its business, results of operations, financial position or cash flows.

Note 6 – Sale of Common Stock

The Company has an at-the-market offering program (“ATM Program”) with Cantor Fitzgerald & Co. (“Cantor”), as sales agent, pursuant to which the Company may offer and sell, from time to time, through Cantor, shares of its common stock having an aggregate offering price of up to \$75.0 million under a previously filed and effective registration statement on Form S-3 (File No. 333-220759) and a prospectus supplement filed in December 2017. Cantor is entitled to a commission at a fixed commission rate of up to 3% of the gross proceeds of the sales price of all common stock sold under the ATM program. The Company and Cantor may each terminate the ATM program at any time upon ten days’ prior notice.

In the second quarter of 2018, the Company sold a total of 740,417 shares of its common stock under the ATM program and received net proceeds of approximately \$30.3 million, after deducting commissions and other offering expenses of \$1.1 million.

In August 2018, the Company completed an underwritten public offering for the sale of 6,000,000 shares of its common stock. Net proceeds raised from the offering were approximately \$292.9 million, after deducting underwriting discounts and commissions and other offering expenses of \$19.1 million.

Note 7 – Stock-Based Compensation

The Company has adopted certain equity incentive and stock purchase plans as described in the consolidated financial statements and related notes included in the Company’s Annual Report on Form 10-K for the year ended December 31, 2017.

In March 2018, our board of directors approved an amendment and restatement of our non-employee director compensation policy, pursuant to which any non-employee director who is first elected to the board of directors is granted an option to purchase 20,000 shares of our common stock on the date of his or her initial election to the board of directors. In addition, on the date of each annual meeting of our stockholders, commencing with the 2018 annual meeting, each non-employee director is eligible to receive an option to purchase 15,000 shares of common stock. Prior to March 2018, under our non-employee director compensation policy, any non-employee director who was first elected to the board of directors was granted an option to purchase 30,000 shares of our common stock on the date of his or her initial election to the board of directors. In addition, on the date of each annual meeting of our stockholders, each non-employee director was eligible to receive an option to purchase 20,000 shares of common stock.

Performance Stock Options

In October 2015, the Company granted employees certain performance-based stock options for retention purposes. The stock options would vest upon satisfaction of a specified regulatory milestone within three years of the date of grant. In 2017, management determined the achievement of the performance condition was no longer probable and the cumulative compensation expense previously recognized was reversed. In September 2018, these awards were modified to allow for 90% of such options outstanding at the modification date to vest immediately. The remaining 10% of the awards were canceled in October 2018 since the performance condition was not met. This improbable to probable modification resulted in the calculation and recognition of incremental stock-based compensation expense of \$3.5 million during the third quarter of 2018.

Equity Incentive Awards Activity

Stock Options

The following is a summary of stock option activity for the nine months ended September 30, 2018 (in thousands, except per share data):

	Shares (in thousands)	Weighted- Average Exercise Price per Share
Outstanding at December 31, 2017	3,392	\$ 14.41
Granted	842	43.13
Exercised	(290)	16.45
Canceled	(59)	26.10
Outstanding at September 30, 2018	<u>3,885</u>	<u>\$ 20.30</u>

Restricted Stock Units

The following is a summary of restricted stock unit activity for the nine months ended September 30, 2018 (in thousands, except per share data):

	Shares (in thousands)	Weighted- Average Fair Value per Share at Grant Date
Outstanding at December 31, 2017	259	\$ 10.43
Granted	146	42.76
Vested	(98)	10.74
Canceled	(8)	29.74
Outstanding at September 30, 2018	<u>299</u>	<u>\$ 25.58</u>

As of September 30, 2018, outstanding restricted stock units included 159,000 granted in March 2017 with performance-based conditions to employees and executives. The restricted stock units vest upon the approval of the Company's new drug application for ZX008 by the FDA, provided such approval occurs within five years following the grant date. Due to the uncertainties associated with the FDA approval process, approval is not yet probable, as such term is used for accounting purposes, prior to the occurrence of the event. Accordingly, no compensation expense has been recognized to date for these performance-based awards.

Valuation of Equity Awards

The fair value of the stock options granted or modified during the periods indicated was estimated using the Black-Scholes option pricing model, based on the following assumptions:

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2018	2017	2018	2017
Risk free interest rate	2.8% to 2.9%	1.9% to 2.1%	2.3% to 2.9%	1.9% to 2.3%
Expected term	3.5 to 6.1 years	6.1 years	3.5 to 6.1 years	5.1 to 6.1 years
Expected volatility	79.9% to 83.2%	75.1% to 75.5%	79.9% to 85.2%	75.1% to 76.6%
Expected dividend yield	— %	— %	— %	— %

The fair value of restricted stock units granted is determined based on the price of the Company's common stock on the date of grant.

Stock-Based Compensation Expense

The following table summarizes the components of total stock-based compensation expense included in the condensed consolidated statements of operations (in thousands):

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2018	2017	2018	2017
Cost of contract manufacturing	\$ —	\$ —	\$ —	\$ 71
Research and development	3,275	294	5,018	1,313
Selling, general and administrative	3,706	968	6,934	2,682
Total	\$ 6,981	\$ 1,262	\$ 11,952	\$ 4,066

Note 8 – Net Loss Per Share

Basic net loss from continuing operations per share is calculated by dividing net loss from continuing operations by the weighted average number of shares outstanding for the period. Diluted net loss from continuing operations per share is calculated by dividing net loss from continuing operations by the weighted average number of shares of common stock and potential dilutive common stock equivalents outstanding during the period if the effect is dilutive. The Company's potentially dilutive shares of common stock include outstanding stock options, restricted stock units and warrants to purchase common stock.

A reconciliation of the numerators and denominators used in computing net loss from continuing operations per share is as follows (in thousands, except per share amounts):

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2018	2017	2018	2017
Numerator:				
Net loss from continuing operations	\$ (42,264)	\$ (42,660)	\$ (101,283)	\$ (86,239)
Denominator:				
Shares used in per share calculation	39,242	25,431	36,485	25,024
Net loss from continuing operations per share, basic and diluted	\$ (1.08)	\$ (1.68)	\$ (2.78)	\$ (3.45)

The following table presents the potential shares of common stock outstanding that were excluded from the computation of diluted net loss from continuing operations per share for the periods presented because including them would have been anti-dilutive (in thousands):

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2018	2017	2018	2017
Shares subject to outstanding common stock options	3,957	4,121	3,752	3,879
Shares subject to outstanding restricted stock units	303	271	287	228
Shares subject to outstanding warrants to purchase common stock	28	1,251	35	1,522
Total	4,288	5,643	4,074	5,629

Note 9 – United Kingdom (U.K.) Research and Development Incentives

The Company carries out extensive research and development activities that benefit from the U.K.'s small and medium-sized enterprise ("SME") research and development tax credit regime, whereby the Company may either receive an enhanced U.K. tax deduction on its eligible research and development activities or, when an SME entity is in a net operating loss position, elect to surrender net operating losses that arise from its eligible research and development activities in exchange for a cash

payment from the U.K. tax authorities. These refundable cash credits, which may be received without regard to actual tax liability, are not subject to accounting for income taxes and have been recorded as a component of other income.

In December 2017, the Company filed a claim as an SME for a \$3.0 million refundable cash credit for its 2015 tax year, which was received in July 2018. The Company recorded this amount as a component of other income for the nine months ended September 30, 2018. As of the date hereof, the Company has not filed claims for any refundable cash credit for its 2016 or 2017 tax years, nor has it recorded any balances related to claims for these years or for the 2018 tax year, as collectability is deemed not probable or reasonably assured.

Overview

We are a pharmaceutical company developing and commercializing innovative central nervous system (“CNS”) therapies for people living with serious and life-threatening rare CNS disorders and medical conditions. Our current primary area of therapeutic focus is rare, or “orphan” childhood-onset epilepsy disorders.

We currently own and control worldwide development and commercialization rights to ZX008, our lead Phase 3 product candidate. ZX008 is low-dose fenfluramine for the treatment of seizures associated with two rare and catastrophic forms of childhood-onset epilepsy: Dravet syndrome and Lennox-Gastaut syndrome (“LGS”).

ZX008 for Patients with Dravet Syndrome

Dravet syndrome is a rare form of pediatric-onset epilepsy with life threatening consequences for patients and for which current treatment options are very limited. ZX008 has received orphan drug designation in the United States and the European

Union (the “EU”) for the treatment of Dravet syndrome. In addition, ZX008 for the treatment of Dravet syndrome received Fast Track designation from the FDA in January 2016 and Breakthrough Therapy designation in February 2018.

Study 1501 and 1502 (“Study 1”)

We initiated our Phase 3 clinical trials in North America (“Study 1501”) in January 2016 and in Europe and Australia in June 2016 (“Study 1502”). Study 1501 and Study 1502 are each identical randomized, double-blind placebo-controlled studies of ZX008 as adjunctive therapy for patients with uncontrolled seizures who have Dravet syndrome. In January 2017, we announced our plan to report top-line results from Study 1501 and Study 1502 via a prospective merged study analysis approach whereby top-line results from the first approximately 120 subjects randomized into either Study 1501 or 1502 would have their study results analyzed and be reported initially as “Study 1”. In April 2017, we completed enrollment of Study 1 and, in September 2017, we announced positive top-line results for the 119 patients included in the Study 1 Phase 3 trial. The Study 1 trial met its primary objective of demonstrating that ZX008, at a dose of 0.8 mg/kg/day (30mg/day maximum), is superior to placebo as adjunctive therapy in the treatment of Dravet syndrome in children and young adults based on change in the frequency of convulsive seizures between the 6-week baseline observation period and the 14-week treatment period ($p < 0.001$). In the trial, ZX008 at a dose of 0.8 mg/kg/day also demonstrated statistically significant improvements versus placebo in all key secondary measures, including the proportion of patients with clinically meaningful reductions in seizure frequency (50% or greater) and longest seizure-free interval. The same analyses comparing a 0.2 mg/kg/day ZX008 dose versus placebo also demonstrated statistically significant improvement compared with placebo. ZX008 was generally well tolerated without any signs or symptoms of valvulopathy or pulmonary hypertension.

Study 1504

In September 2016, we initiated Part 1 of Study 1504, a two-part, double blind, randomized, two arm pivotal Phase 3 clinical trial of ZX008 in Dravet syndrome patients who are taking stiripentol, valproate and/or clobazam as part of their baseline standard care. Part 1 investigated the pharmacokinetic profile and safety of ZX008 when co-administered with the stiripentol regimen (stiripentol, valproate and/or clobazam). Based on the results of the pharmacokinetic and safety portion of the trial, in February 2017 we initiated the safety and efficacy portion of Study 1504 utilizing a dose of ZX008 0.5mg/kg/day (20mg/day maximum). Study 1504, a two-arm study compared ZX008 versus placebo across the titration and 12-week maintenance periods at multiple sites, which included sites in France, the Netherlands, United States, Canada, Germany, the United Kingdom and Spain. In January 2018, patient enrollment was completed at 87 patients and randomized between the ZX008-arm ($n=43$) or placebo ($n=44$).

Announcement of Top-line Clinical Trial Results for Study 1504

On July 12, 2018, we reported positive top-line results from Study 1504. The study results, which are consistent with those reported in Study 1, successfully met the primary objective of demonstrating that ZX008, at a dose of 0.5 mg/kg/day, when co-administered with stiripentol regimen (stiripentol, valproate and/or clobazam), is superior to placebo as adjunctive therapy in the treatment of Dravet syndrome in children and young adults based on change in the frequency of convulsive seizures between the 6-week baseline observation period and the 15-week treatment period ($p < 0.001$). In the trial, ZX008 at a dose of 0.5 mg/kg/day also demonstrated statistically significant improvements versus placebo in both key secondary measures, the proportion of patients with clinically meaningful reductions in seizure frequency (50% or greater) and longest seizure-free interval. ZX008 was generally well-tolerated in this study, with the adverse events consistent with those observed in Study 1 and the known safety profile of fenfluramine without any signs or symptoms of valvulopathy or pulmonary hypertension. We believe we are on track to submit applications for regulatory approvals for ZX008 in the United States and Europe in the first quarter of 2019.

ZX008 for Patients with LGS

LGS is another rare, refractory, debilitating pediatric-onset epilepsy with life threatening consequences for patients and for which current treatment options are very limited. Beginning in first quarter of 2016, we funded an open-label, dose-finding, investigator-initiated study of the effectiveness and tolerability of ZX008 as an adjunctive therapy in patients with LGS. The results of this pilot study of 13 refractory LGS patients were recently published in a peer review journal (Epilepsia) and reported an overall 53% median reduction in convulsive seizures, 8 patients (62%) had a $\geq 50\%$ convulsive seizure reduction and 3 patients (23%) had a $\geq 75\%$ reduction. In addition, ZX008 was generally well tolerated without any signs or symptoms or echocardiographic findings of valvulopathy or pulmonary hypertension. We believe these data indicate that ZX008 has the potential to be a safe and effective adjunctive treatment of major motor and drop seizures for patients with LGS. Based on the strength of the LGS data generated, in the first quarter of 2017, we submitted an investigational new drug (“IND”) application to the FDA to initiate a Phase 3 program of ZX008 in LGS, which became effective in April 2017. In the first half of 2017, ZX008 received orphan drug designation for the treatment of LGS from the FDA in the United States and the European Medicines Agency (“EMA”) in the EU.

Study 1601

In November 2017, we announced the initiation of our multicenter global Phase 3 clinical trial of ZX008 as an adjunctive treatment for seizures in patients with LGS (“Study 1601”). Study 1601 is planned for up to 85 sites in North America, Europe, Asia-Pacific, South America, South Africa and Australia and is divided in two parts. Part 1 is a double-blind, placebo-controlled investigation to assess the safety, tolerability and efficacy of ZX008, low-dose fenfluramine, when added to a patient’s current anti-epileptic therapy. The trial will include two dose levels of ZX008 (0.2 mg/kg/day and 0.8 mg/kg/day, up to a maximum daily dose of 30 mg), as well as placebo. After establishing baseline seizure frequency for 4 weeks, randomized patients will be titrated to their dose over a 2-week titration period, followed by a 12-week fixed dose maintenance period. We are targeting a total of 225 randomized patients (75 per treatment arm) in the trial. The primary endpoint of the clinical trial is change in the number of seizures that result in drops between baseline and the combined titration and maintenance periods at the 0.8 mg/kg/day dose. The key secondary endpoints include change in the number of seizures that result in drops between baseline and the combined titration and maintenance periods at the 0.2 mg/kg/day dose, and the proportion of patients achieving a 50 percent reduction in drop seizures. Part 2 of the clinical trial will be a 12-month open-label extension to evaluate the long-term safety, tolerability and effectiveness of ZX008.

Critical Accounting Policies and Estimates

Our management’s discussion and analysis of our financial condition and results of operations is based on our condensed consolidated financial statements, which have been prepared in conformity with GAAP. The preparation of these consolidated financial statements requires us to make estimates and assumptions that affect the reported amounts of assets, liabilities, expenses and related disclosures. We evaluate our estimates and assumptions on an ongoing basis. Our estimates are based on historical experience and various other assumptions that we believe to be reasonable under the circumstances. Actual results could differ from those estimates.

We believe that the assumptions and estimates associated with revenue recognition, the impairment assessments related to goodwill and indefinite-lived intangible assets, estimated fair value of contingent consideration, accrued clinical trial expenses and the related prepaid expenses, stock-based compensation and income taxes have the greatest potential impact on our consolidated financial statements. Therefore, we consider these to be our critical accounting policies and estimates.

There have been no significant changes in our critical accounting policies and estimates during the nine months ended September 30, 2018, as compared to the critical accounting policies and estimates disclosed in Management’s Discussion and Analysis of Financial Condition and Results of Operations included in our Annual Report on Form 10-K for the year ended December 31, 2017.

Recent Accounting Pronouncements

For information with respect to recent accounting pronouncements that are of significance or potential significance to us, see Note 2 “Summary of Significant Accounting Policies” in the notes to condensed consolidated financial statements in Part I, Item 1 of this Quarterly Report on Form 10-Q.

Results of Operations

Comparison of Three and Nine Months Ended September 30, 2018 and 2017

Contract Manufacturing Revenue

(in thousands)	Three Months Ended September 30,			Nine Months Ended September 30,		
	2018	2017	Change	2018	2017	Change
Contract manufacturing revenue	\$ —	\$ —	\$ —	\$ —	\$ 9,821	\$ (9,821)

Through April 2017, we generated contract manufacturing revenue from supplying Sumavel DosePro to Endo International plc (“Endo”), who purchased our Sumavel DosePro business in May 2014. In September 2017, we and Endo terminated the supply agreement. As a result, we did not generate any contract manufacturing revenue in the three and nine months ended September 30, 2018 and no longer have any contracts with customers.

Cost of Contract Manufacturing

(in thousands)	Three Months Ended September 30,			Nine Months Ended September 30,		
	2018	2017	Change	2018	2017	Change
Cost of contract manufacturing	\$ —	\$ —	\$ —	\$ —	\$ 10,729	\$ (10,729)

We did not incur contract manufacturing costs during the three and nine months ended September 30, 2018 as a result of the aforementioned termination of the supply agreement to manufacture and supply Sumavel DosePro to Endo.

Research and Development Expenses

(in thousands)	Three Months Ended September 30,			Nine Months Ended September 30,		
	2018	2017	Change	2018	2017	Change
Research and development	\$ 27,608	\$ 21,178	\$ 6,430	\$ 77,329	\$ 49,369	\$ 27,960

Research and development expenses consist of expenses incurred in developing, testing and seeking marketing approval of our product candidates, including: license and milestone payments; payments made to third-party clinical research organizations (“CROs”) and investigational sites, which conduct our clinical trials on our behalf, and consultants; expenses associated with regulatory submissions, pre-clinical development and clinical trials; payments to third-party manufacturers, which produce our active pharmaceutical ingredient and finished product; personnel related expenses, such as salaries, benefits, travel and other related expenses, including stock-based compensation; and facility, maintenance, depreciation and other related expenses.

We utilize contract manufacturing organizations, CROs, contract laboratories and independent contractors to produce product candidate material and for the conduct of our pre-clinical studies and clinical trials. We track third-party costs by program. We recognize the expenses associated with the services provided by CROs based on estimated progress toward completion at the end of each reporting period. We coordinate clinical trials through a number of contracted investigational sites and recognize the associated expense based on a number of factors, including actual and estimated subject enrollment and visits, direct pass-through costs and other clinical site fees. The table below sets forth information regarding our research and development costs for our major development programs.

(in thousands)	Three Months Ended September 30,			Nine Months Ended September 30,		
	2018	2017	Change	2018	2017	Change
ZX008	\$ 16,564	\$ 16,520	\$ 44	\$ 52,547	\$ 35,111	\$ 17,436
Other(1)	11,044	4,658	6,386	24,782	14,258	10,524
Total	\$ 27,608	\$ 21,178	\$ 6,430	\$ 77,329	\$ 49,369	\$ 27,960

(1) Other research and development expenses include employee and infrastructure resources that are not tracked on a program-by-program basis, as well as development costs incurred for other product candidates.

We acquired ZX008 in October 2014 and have since incurred significant expenditures related to conducting clinical trials of ZX008. Research and development expenses related to ZX008 remained flat for the three months ended September 30, 2018 compared to the same period in 2017 as a decrease in activity within Study 1504 was offset by an increase in activity within Study 1601, which was initiated in November 2017. Research and development expenses related to ZX008 increased by \$17.4 million for the nine months ended September 30, 2018 compared to the same period in 2017 reflecting the progression and expansion of our clinical trial activities within Study 1504 as well as Study 1601. Other research and development expenses increased by \$6.4 million and \$10.5 million for the three and nine months ended September 30, 2018, respectively, compared to the same periods in 2017. The increase was primarily attributable to personnel-related costs from additions to headcount as well as increased stock-based compensation due to modification of stock options.

Selling, General and Administrative Expenses

(in thousands)	Three Months Ended September 30,			Nine Months Ended September 30,		
	2018	2017	Change	2018	2017	Change
Selling	\$ 4,200	\$ 648	\$ 3,552	\$ 8,911	\$ 3,071	\$ 5,840
General and administrative	6,816	5,425	1,391	18,752	15,058	3,694
Total selling, general and administrative	\$ 11,016	\$ 6,073	\$ 4,943	\$ 27,663	\$ 18,129	\$ 9,534

Selling expense consists primarily of salaries and benefits of sales and marketing management and market research expenses for product candidates that are in development. General and administrative expenses consist primarily of salaries and related costs for personnel in executive, finance, accounting, business development and internal support functions. In addition, general and administrative expenses include professional fees for legal, consulting and accounting services.

Selling expense increased by \$3.6 million and \$5.8 million for the three and nine months ended September 30, 2018, respectively, compared to the same periods in 2017. The increase was primarily attributable to costs incurred for market research and commercialization planning as we prepare for the potential commercialization of ZX008 for Dravet syndrome.

General and administrative expense increased by \$1.4 million and \$3.7 million for the three and nine months ended September 30, 2018, respectively, compared to the same periods in 2017 and was primarily attributable to personnel-related costs, including stock-based compensation due to incremental expense from modification of stock options.

Loss on Contract Termination

(in thousands)	Three Months Ended September 30,			Nine Months Ended September 30,		
	2018	2017	Change	2018	2017	Change
Loss on contract termination	\$ —	\$ 478	\$ (478)	\$ —	\$ 478	\$ (478)

For the three and nine months ended September 30, 2017, we entered into a termination agreement of the Supply Agreement with Endo related to Sumavel DosePro. The loss on contract termination represents costs incurred by us to terminate agreements with our third-party manufacturers and suppliers of Sumavel DosePro that were in excess of reimbursements received from Endo for such costs.

Impairment Charges

(in thousands)	Three Months Ended September 30,			Nine Months Ended September 30,		
	2018	2017	Change	2018	2017	Change
Asset impairment charges	\$ —	\$ 196	\$ (196)	\$ —	\$ 1,116	\$ (1,116)

Asset impairment charges for the three and nine months ended September 30, 2017 primarily resulted from the wind down of our contract manufacturing operations.

Change in Fair Value of Contingent Consideration

(in thousands)	Three Months Ended September 30,		Nine Months Ended September 30,	
	2018	2017	2018	2017
Change in fair value of contingent consideration	\$ 5,700	\$ 10,500	\$ 3,200	\$ 11,600

The contingent consideration liability relates to milestone payments under an existing agreement in connection with our prior acquisition of ZX008. At each reporting period, the estimated fair value of the liability is determined by applying the income approach which utilizes variable inputs, such as the probability of success for achieving regulatory/commercial milestones, anticipated future cash flows, risk-free adjusted discount rates, and nonperformance risk. Any change in the fair value is recorded as contingent consideration (income) expense.

For the three and nine months ended September 30, 2018, the estimated fair value of our contingent consideration liabilities increased by \$5.7 million and \$3.2 million, respectively, due to the positive top-line results announced in July 2018 from our second confirmatory Phase 3 study (Study 1504) of ZX008 for the treatment of Dravet syndrome. For the three and nine months ended September 30, 2017, the estimated fair value of our contingent consideration liabilities increased by \$10.5 million and \$11.6 million, respectively, due to the positive top-line results announced in September 2017 from our first Phase 3 trial (Study 1) of ZX008 for the treatment of Dravet syndrome. As a result of the positive top-line data from clinical trials for the reporting periods presented, the probability of success used to calculate the specified milestone payments increased.

Other Income (Expense)

(in thousands)	Three Months Ended September 30,		Nine Months Ended September 30,	
	2018	2017	2018	2017
Other income (expense):				
Interest income	\$ 2,133	\$ 121	\$ 3,995	\$ 332
Interest expense	—	(702)	(6)	(2,065)
Loss on extinguishment of debt	—	(3,378)	—	(3,378)

Other income, net	(9)	62	3,015	71
Total other income (expense)	\$ 2,060	\$ (4,277)	\$ 6,909	\$ (4,680)

Total other income for the three months ended September 30, 2018 of \$2.1 million primarily consisted of interest income attributable to higher average cash and investment balances resulting from our recent capital raising activities described below. Total other income for the nine months ended September 30, 2018 of \$6.9 million primarily consisted of interest income and a \$3.0 million claim for cash payment under the U.K.'s small and medium-sized enterprise and research and development tax credit regime for qualifying expenditures incurred in the 2015 tax year.

Total other expense for the three and nine months ended September 30, 2017 of \$4.3 million and \$4.7 million, respectively, primarily consisted of interest expense recognized under a term loan and its related loss upon early repayment in full.

Liquidity and Capital Resources

Excluding gains from two discrete business divestitures, we have incurred significant net losses and negative cash flows from operating activities since inception. We had an accumulated deficit of \$673.5 million at September 30, 2018. We expect to continue to incur significant operating losses and negative cash flows from operations to advance our product candidates through development and commercialization. Additionally, upon acceptance of our regulatory submissions for ZX008 by the FDA or the EMA and regulatory approval of ZX008 by the FDA or EMA, if at all, each a milestone event, we will owe milestone payments under an existing agreement in connection with our prior acquisition of ZX008. We currently do not engage in any revenue-generating activities. We do not know when, or if, we will generate any revenue from product sales and do not expect to generate significant revenue from product sales unless and until we obtain regulatory approval of and commercialize ZX008. To date, the Company has relied primarily on the proceeds from equity offerings to finance its operations. The Company's recent equity offerings include the following transactions.

In the third quarter of 2017, we sold a total of 1,550,880 shares of our common stock under the ATM Program with Cantor resulting in net proceeds of approximately \$19.4 million.

In October 2017, we completed an underwritten public offering for the sale of 7,700,000 shares of our common stock. Net proceeds raised from the offering amounted to approximately \$271.3 million, after deducting underwriting discounts and commissions and other offering expenses.

In the second quarter of 2018, we sold a total of 740,417 shares of our common stock under the ATM Program and received net proceeds of approximately \$30.3 million, after deducting commissions and other offering expenses of \$1.1 million.

In August 2018, we completed an underwritten public offering for the sale of 6,000,000 shares of our common stock. Net proceeds raised from the offering were approximately \$292.9 million, after deducting underwriting discounts and commissions and other offering expenses of \$19.1 million.

As of September 30, 2018, our cash, cash equivalents and marketable securities totaled \$539.1 million. Our principal uses of cash are research and development expenses, selling, general and administrative expenses and other working capital requirements. Our future funding requirements will depend on many factors, including, but not limited to:

- the rate of progress and cost of our clinical trials and other product development programs for ZX008 and our other product candidates and any other product candidates that we may develop, in-license or acquire;
- the timing of regulatory approval for any of our other product candidates and the commercial success of any approved products;

- the costs of filing, prosecuting, defending and enforcing any patent claims and other intellectual property rights associated with ZX008 and any of our other product candidates;
- the costs of establishing or outsourcing sales, marketing and distribution capabilities, should we elect to do so;
- the costs, terms and timing of completion of outsourced commercial manufacturing supply arrangements for any product candidate; and
- the effect of competing technological and market developments.

Until we can generate a sufficient amount of revenue to finance our cash requirements, if ever, we may need to continue to rely on additional financing to achieve our business objectives. However, we may not be able to secure such financing in a timely manner or on favorable terms, if at all. If future funds are raised through issuance of equity or debt securities, these securities may have rights, preferences and privileges senior to those of our existing stockholders. If we raise additional funds through collaboration, licensing or other similar arrangements, it may be necessary to relinquish valuable rights to our potential products or proprietary technologies, or grant licenses on terms that are not favorable to us. Without additional funds at the time we need such funding, we may be forced to delay, scale back or eliminate some of our research and development activities, or other operations and potentially delay product development in an effort to provide sufficient funds to continue its operations. If any of these events occurs, our ability to achieve the development and commercialization goals could be adversely affected.

The following table presents selected information from our statements of cash flows (in thousands):

	Nine Months Ended September 30,	
	2018	2017
Cash and cash equivalents, beginning of the period	\$ 293,503	\$ 91,551
Net cash used in operating activities	(83,236)	(46,435)
Net cash used in investing activities	(375,687)	(35)
Net cash provided by financing activities	328,458	19,649
Net decrease in cash and cash equivalents	(130,465)	(26,821)
Cash and cash equivalents, end of the period	\$ 163,038	\$ 64,730

Operating Activities

For the nine months ended September 30, 2018, net cash used in operating activities of \$83.2 million was primarily attributable to a net loss of \$101.5 million, plus the net effect of non-cash items of \$14.8 million, primarily from stock-based compensation and changes in the estimated fair value of contingent consideration, and a net cash inflow from changes in operating assets and liabilities of \$3.4 million. Cash inflows from changes in operating assets and liabilities was primarily attributable to the timing of payments for prepaid and accrued clinical trial costs.

For the nine months ended September 30, 2017, net cash used in operating activities consisted of a net loss of \$87.1 million, offset by non-cash charges of \$23.2 million and a net cash inflow from changes in operating assets and liabilities of \$17.5 million.

Investing Activities

For the nine months ended September 30, 2018, net cash used in investing activities was attributable to purchases of marketable securities. There were no sales/maturities of marketable securities for the nine months ended September 30, 2018 as our initial investments were made in July 2018.

For the nine months ended September 30, 2017, net cash used in investing activities was attributable to purchases of property and equipment.

Financing Activities

For the nine months ended September 30, 2018, net cash provided by financing activities of \$328.5 million consisted of net proceeds from sales of common stock of \$323.1 million in connection with the equity offerings described above and \$6.7 million in proceeds received from the issuance of common stock under equity incentive plans. These cash inflows were offset by cash used to remit withholding taxes of \$1.4 million related to the vesting of restricted stock units that were net share-settled by us to cover the required withholding tax.

For the nine months ended September 30, 2017, net cash provided by financing activities was due to proceeds from issuance of common stock under employee equity incentive plans.

Contractual Obligations

There were no material changes outside the ordinary course of our business during the nine months ended September 30, 2018 to the information regarding our contractual obligations that was disclosed in Management's Discussion and Analysis of Financial Condition and Results of Operations included in our Annual Report on Form 10-K for the year ended December 31, 2017.

In October 2018, we executed a lease for new headquarters with our current landlord to move to a facility nearby our current headquarters in Emeryville, California. The lease has an initial term that expires on June 30, 2027 and provides for one five-year renewal option. Concurrent with the new lease, the landlord agreed to terminate our existing lease once we complete the move to our new headquarters. The cash expected to be paid for rent over the eight-year term of the new lease is approximately \$15.3 million beginning in June 2019, partially offset by a reduction in the commitments under our existing headquarter lease.

Off-Balance Sheet Arrangements

As of September 30, 2018, we did not have any off-balance sheet arrangements, as defined in Item 303(a)(4)(ii) of Regulation S-K.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

As part of our investment portfolio, we own financial instruments that are sensitive to market risks. The primary objective of our investment activities is to preserve our capital until it is required to fund operations, including our research and development activities.

Interest Rate Risk

We place our investments with high quality credit issuers and, by policy, limit the amount of credit exposure to any one issuer. We invest our excess cash primarily in money market funds and certificate of deposits, securities issued by the U.S. government and its agencies, corporate debt securities and commercial paper. These investments are denominated in U.S. Dollars. A portion of our investments consisting of interest-bearing securities are subject to interest rate risk and could decline in value if interest rates fluctuate. The portfolio includes cash equivalents and investments in marketable securities with active secondary or resale markets to ensure portfolio liquidity. Due to the conservative nature of these instruments, we do not believe that we have a material exposure to interest rate risk. A 100 basis points change in interest rates would not have a significant impact on the total value of our portfolio. We had no debt outstanding as of September 30, 2018.

Foreign Exchange Risk

As a result of our U.K operations, we face exposure to movements in foreign currency exchange rates, primarily the British Pound Sterling and the Euro against the U.S. Dollar. The current exposures arise primarily from cash and payables and accruals denominated in the British Pound Sterling and the Euro. We have not hedged our foreign currency since the exposure has not been material to our historical operating results. Based on our foreign currency exchange rate exposures at September 30, 2018, a hypothetical 10% adverse fluctuation in the average exchange rate of the Euro or the British Pound Sterling would not have had a material impact on our condensed consolidated financial statements. We will continue to monitor and evaluate our exposure to foreign exchange risk as a result of entering into transactions denominated in currencies other than the U.S. Dollar.

Item 4. Controls and Procedures

Conclusions Regarding the Effectiveness of Disclosure Controls and Procedures

We maintain disclosure controls and procedures that are designed to ensure that information required to be disclosed in our Exchange Act reports is recorded, processed, summarized and reported within the timelines specified in the Securities and Exchange Commission's rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure. In designing and evaluating the disclosure controls and procedures, management recognized that any controls and procedures, no matter how well designed and operated, can only provide reasonable assurance of achieving the desired control objectives, and in reaching a reasonable level of assurance, management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

As required by SEC Rule 13a-15(b), we carried out an evaluation, under the supervision and with the participation of our management, including our Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures as of the end of the period covered by this report. Based on the foregoing, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures were effective as of September 30, 2018 at the reasonable assurance level.

Changes in Disclosure Controls and Procedures

There were no changes in our internal control over financial reporting during the nine months ended September 30, 2018 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II – OTHER INFORMATION

Item 1. Legal Proceedings

There have been no material updates to the legal proceedings as set forth in “Item 3. Legal Proceedings” in our Annual Report on Form 10-K for the year ended December 31, 2017.

Item 1A. Risk Factors

There have been no material changes in our risk factors from those disclosed in Part I, Item 1A of our Annual Report on Form 10-K for the year ended December 31, 2017, other than as set forth below.

We are exposed to fluctuations in the market values of our investments.

As of September 30, 2018, our cash, cash equivalents and marketable securities totaled \$539.1 million. Our cash equivalents and marketable securities include money market funds and certificate of deposits, securities issued by the U.S. government and its agencies, corporate debt securities and commercial paper meeting the criteria of our investment policy, which prioritizes the preservation of capital. These investments are subject to general credit, liquidity, market and interest rate risks, instability in the global financial markets, or other factors. As a result, the value or liquidity of our investments could decline and result in a material impairment, which could have a material adverse effect on our financial results and the availability of cash to fund our operations.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

Unregistered Sales of Equity Securities

None.

Use of Proceeds

Not applicable.

Item 3. Defaults Upon Senior Securities

None.

Item 4. Mine Safety Disclosures

Not applicable.

Item 5. Other Information

Erle T. Mast, a member of our Board of Directors and chair of our Audit Committee, served as Executive Vice President and Chief Financial Officer of Clovis Oncology, Inc., a public biopharmaceutical company, from its inception in April 2009 until his retirement in March 2016. As previously disclosed, the U.S. Securities and Exchange Commission, or SEC, had an ongoing investigation to determine whether Clovis violated federal securities laws in connection with its regulatory update announced in November 2015 that the FDA had requested additional clinical data on the efficacy and safety of a product under development by Clovis. On September 18, 2018, the SEC announced that it had reached an agreement with Clovis and certain of its executive officers, including Mr. Mast, to settle this matter on negligence based charges. Pursuant to the settlement, without admitting or denying the SEC’s allegations, Mr. Mast paid a civil penalty and disgorgement and agreed to a standard injunction against future violations of those provisions of the federal securities laws. The settlement agreement does not allege that Clovis or any of its current or former officers, including Mr. Mast, engaged in any intentional fraud or misconduct and it does not preclude Mr. Mast from continuing to serve as a director or officer of a public company.

NOW, THEREFORE, in consideration of the mutual promises herein contained, the parties agree as follows:

1. Definitions. As used in this Agreement, the following terms shall have the following meanings:

- a. “**Board**” means the Board of Directors of the Company.
 - b. “**Bonus**” means an amount equal to the average of the bonuses awarded to Executive for each of the three (3) fiscal years prior to the date of Executive’s termination of employment, or such lesser number of years as may be applicable if Executive has not been employed for three (3) full years on the date of Executive’s termination of employment; provided, that to the extent Executive has not received any bonus prior to the date of his termination of employment due to the fact that his employment commenced during the fiscal year in which his termination of employment occurs, his “**Bonus**” for purposes of Section 4 shall be equal to his target bonus for the fiscal year in which such termination occurs (calculated by reference to the target bonus level in effect on the date of termination). For purposes of determining Executive’s “**Bonus**,” (i) to the extent Executive received no bonus in any year due to a failure to meet the applicable performance objectives, such year will still be taken into account (using zero (0) as the applicable bonus) in determining Executive’s “**Bonus**,” and (ii) to the extent Executive was not employed for an entire fiscal year, the bonus received by Executive for such fiscal year for purposes of the preceding calculation shall be annualized. If any portion of the bonuses awarded to Executive consisted of securities or other property, the fair market value thereof shall be determined in good faith by the Board.
 - c. “**California WARN Act**” means California Labor Code Sections 1400 et seq.
 - d. “**Cause**” means any of the following:
 - i. the commission of an act of fraud, embezzlement or dishonesty by Executive, or the commission of some other illegal act by Executive, that has a material adverse impact on the Company or any successor or affiliate thereof;
-

- ii. a conviction of, or plea of “guilty” or “no contest” to, a felony by Executive;
- iii. any unauthorized use or disclosure by Executive of confidential information or trade secrets of the Company or any successor or affiliate thereof that has, or may reasonably be expected to have, a material adverse impact on any such entity;
- iv. Executive’s gross negligence, insubordination or material violation of any duty of loyalty to the Company or any successor or affiliate thereof, or any other material misconduct on the part of Executive;
- v. Executive’s ongoing and repeated failure or refusal to perform or neglect of Executive’s duties as required by this Agreement, which failure, refusal or neglect continues for fifteen (15) days following Executive’s receipt of written notice from the Board or the Company’s Chief Executive Officer (the “**CEO**”) stating with specificity the nature of such failure, refusal or neglect; or
- vi. Executive’s breach of any Company policy or any material provision of this Agreement; provided, however, that prior to the determination that “Cause” under this Section 1(d) has occurred, the Company shall (A) provide to Executive in writing, in reasonable detail, the reasons for the determination that such “Cause” exists, (B) other than with respect to clause (v) above which specifies the applicable period of time for Executive to remedy his breach, afford Executive a reasonable opportunity to remedy any such breach, (C) provide Executive an opportunity to be heard prior to the final decision to terminate Executive’s employment hereunder for such “Cause” and (D) make any decision that such “Cause” exists in good faith.

The foregoing definition shall not in any way preclude or restrict the right of the Company or any successor or affiliate thereof to discharge or dismiss Executive for any other acts or omissions, but such other acts or omissions shall not be deemed, for purposes of this Agreement, to constitute grounds for termination for Cause.

- a. “**Change in Control**” means and includes each of the following:
-

- i. a transaction or series of transactions (other than an offering of the Company's common stock to the general public through a registration statement filed with the Securities and Exchange Commission) whereby any "person" or related "group" of "persons" (as such terms are used in Sections 13(d) and 14(d)(2) of the Securities Exchange Act of 1934, as amended (the "*Exchange Act*")) (other than the Company, any of its subsidiaries, an employee benefit plan maintained by the Company or any of its subsidiaries or a "person" that, prior to such transaction, directly or indirectly controls, is controlled by, or is under common control with, the Company) directly or indirectly acquires beneficial ownership (within the meaning of Rule 13d-3 under the Exchange Act), of securities of the Company possessing more than fifty percent (50%) of the total combined voting power of the Company's securities outstanding immediately after such acquisition; or
 - ii. the consummation by the Company (whether directly involving the Company or indirectly involving the Company through one or more intermediaries) of (A) a merger, consolidation, reorganization, or business combination or (B) a sale or other disposition of all or substantially all of the Company's assets in any single transaction or series of related transactions or (C) the acquisition of assets or stock of another entity, in each case other than a transaction:
 1. which results in the Company's voting securities outstanding immediately before the transaction continuing to represent (either by remaining outstanding or by being converted into voting securities of the Company or the person that, as a result of the transaction, controls, directly or indirectly, the Company or owns, directly or indirectly, all or substantially all of the Company's assets or otherwise succeeds to the business of the Company (the Company or such person, the "*Successor Entity*") directly or indirectly, at least a majority of the combined voting power of the Successor Entity's outstanding voting securities immediately after the transaction, and
 2. after which no person or group beneficially owns voting securities representing fifty percent (50%) or more of the combined voting power of the Successor Entity; provided, however, that no person or group shall be treated for purposes of this clause (2) as beneficially owning fifty percent (50%) or more of combined voting power of the Successor Entity solely as a result of the voting power held in the Company prior to the consummation of the transaction.
-

Notwithstanding the foregoing, a transaction shall not constitute a “**Change in Control**” if: (i) its sole purpose is to change the state of the Company’s incorporation; (ii) its sole purpose is to create a holding company that will be owned in substantially the same proportions by the persons who held the Company’s securities immediately before such transaction; (iii) it constitutes the Company’s initial public offering of its securities; or (iv) it is a transaction effected primarily for the purpose of financing the Company with cash (as determined by the Board in its discretion and without regard to whether such transaction is effectuated by a merger, equity financing or otherwise). The Board shall have full and final authority, which shall be exercised in its discretion, to determine conclusively whether a Change in Control of the Company has occurred pursuant to the above definition, and the date of the occurrence of such Change in Control and any incidental matters thereto.

- a. “**Code**” means the Internal Revenue Code of 1986, as amended from time to time, and the Treasury Regulations and other interpretive guidance issued thereunder.
- b. “**Good Reason**” means the occurrence of any of the following events or conditions without Executive’s written consent:
 - i. a material diminution in Executive’s authority, duties or responsibilities;
 - ii. a material diminution in Executive’s base compensation, unless such a reduction is imposed across-the-board to senior management of the Company;
 - iii. a material change in the geographic location at which Executive must perform his duties (and the parties agree that any involuntary change in the geographic location at which Executive must perform his duties to a location that requires a one-way drive from Executive’s principal residence as of the Effective Date in excess of forty (40) miles shall constitute a material change); or
 - iv. any other action or inaction that constitutes a material breach by the Company or any successor or affiliate of its obligations to Executive under this Agreement.

Executive must provide written notice to the Company of the occurrence of any of the foregoing events or conditions without Executive’s written consent within ninety (90) days of the occurrence of such event. The Company or any successor or affiliate shall have a period of thirty (30) days to cure such event or condition after receipt of written notice of such event from Executive.

- a. “**Involuntary Termination**” means (i) Executive’s Separation from Service by reason of Executive’s discharge by the Company other than for Cause, or (ii) Executive’s Separation from Service by reason of Executive’s resignation of employment with the Company for Good Reason. Executive’s Separation from Service by reason of Executive’s death or discharge by the Company following Executive’s Permanent Disability shall not constitute an Involuntary Termination. Executive’s Separation from Service by reason of resignation from employment with the Company for Good Reason shall be an “Involuntary Termination” only if such Separation from Service occurs within two (2) years following the initial existence of the act or failure to act constituting Good Reason. Executive’s Separation from Service by reason of resignation from employment with the Company for Good Reason shall be treated as involuntary.
- b. Executive’s “**Permanent Disability**” shall be deemed to have occurred if Executive shall become physically or mentally incapacitated or disabled or otherwise unable fully to discharge his duties hereunder for a period of ninety (90) consecutive calendar days or for one hundred twenty (120) calendar days in any one hundred eighty (180) calendar-day period. The existence of Executive’s Permanent Disability shall be determined by the Company on the advice of a physician chosen by the Company and the Company reserves the right to have Executive examined by a physician chosen by the Company at the Company’s expense.
- c. “**Separation from Service**,” with respect to Executive, means Executive’s “separation from service,” as defined in Treasury Regulation Section 1.409A-1(h).

- e. “**WARN Act**” shall mean the Worker Adjustment and Retraining Notification Act, 29 U.S.C. Sections 2101 et seq., and the Department of Labor regulations thereunder.

1. Services to Be Rendered.

a. Duties and Responsibilities. Executive shall serve as Executive Vice President and Chief Commercial Officer of the Company. In the performance of such duties, Executive shall report directly to the CEO and shall be subject to the direction of the CEO and to such limits upon Executive's authority as the CEO may from time to time impose. In the event of the CEO's incapacity or unavailability, Executive shall be subject to the direction of the Board. Executive hereby consents to serve as an officer and/or director of the Company or any subsidiary or affiliate thereof without any additional salary or compensation, if so requested by the CEO. Executive shall be employed by the Company on a full-time basis. Executive's primary place of work shall be the Company's facility in Emeryville, California, or such other locations designated by the CEO from time to time. Prior to Executive's permanent relocation to the San Francisco Bay Area, Executive will be expected to work from the Company's facility in Emeryville, California, no less than three (3) weeks per month provided that time spent traveling pursuant to Executive's duties prior to Executive's permanent relocation to the San Francisco Bay Area shall be considered time spent working from the Company's Emeryville, California location for purposes of this Section 2(a). Executive shall also render services at such other places within or outside the United States as the CEO may direct from time to time. Executive shall be subject to and comply with the policies and procedures generally applicable to senior executives of the Company to the extent the same are not inconsistent with any term of this Agreement.

b. Exclusive Services. Executive shall at all times faithfully, industriously and to the best of his ability, experience and talent perform to the satisfaction of the Board and the CEO all of the duties that may be assigned to Executive hereunder and shall devote substantially all of his productive time and efforts to the performance of such duties. Subject to the terms of the Proprietary Information and Inventions Agreement referred to in Section 5(b), this shall not preclude Executive from devoting time to personal and family investments or serving on community and civic boards, or participating in industry associations, provided such activities do not interfere with his duties to the Company, as determined in good faith by the CEO. Executive agrees that he will not join any boards, other than community and civic boards (which do not interfere with his duties to the Company), without the prior approval of the CEO.

2. Compensation and Benefits. The Company shall pay or provide, as the case may be, to Executive the compensation and other benefits and rights set forth in this Section 3.

a. Base Salary. The Company shall pay to Executive a base salary of \$385,000 per year, payable in accordance with the Company's usual pay practices (and in any event no less frequently than monthly). Executive's base salary shall be subject to review annually by and at the sole discretion of the Compensation Committee of the Board or its designee.

b. Bonus. Commencing in 2018, Executive shall participate in any bonus plan that the Board or its designee may approve for the senior executives of the Company. Executive's target bonus under the Company's annual bonus plan shall be forty-five percent (45%) of Executive's base salary. Executive's annual bonus for 2018 shall not be pro-rated for partial year service.

c. Benefits. Executive shall be entitled to participate in benefits under the Company's benefit plans and arrangements, including, without limitation, any employee benefit plan or arrangement made available in the future by the Company to its senior executives, subject to and on a basis consistent with the terms, conditions and overall administration of such plans and arrangements. The Company shall have the right to amend or delete any such benefit plan or arrangement made available by the Company to its senior executives and not otherwise specifically provided for herein; provided, that any reduction of Executive's benefits such that Executive's benefits are, in the aggregate, materially less favorable to Executive than those benefits offered to Executive as of the Effective Date shall be considered a material breach of this Agreement by the Company.

d. Expenses. The Company shall reimburse Executive for reasonable out-of-pocket business expenses incurred in connection with the performance of his duties hereunder, subject to (i) such policies as the Company may from time to time establish, (ii) Executive furnishing the Company with evidence in the form of receipts satisfactory to the Company substantiating the claimed expenditures, (iii) Executive receiving advance approval from the CEO in the case of expenses for travel outside of North America, and (iv) Executive receiving advance approval from the CEO in the case of expenses (or a series of related expenses) in excess of \$5,000.

e. Paid Time Off. Executive shall be entitled to such periods of paid time off (“PTO”) each year as provided from time to time under the Company’s PTO policy and as otherwise provided for senior executive officers.

f. Equity Awards and Plans.

- i. As soon as practicable following the Effective Date, and subject to the approval of the Compensation Committee of the Board, Executive shall receive stock options to purchase 100,000 shares of the Company’s common stock pursuant to the Company’s Employment Inducement Equity Incentive Award Plan (the “**Inducement Plan**”). Such stock options shall have an exercise price equal to the “Fair Market Value” per share of the Company’s common stock on the date of grant, as determined pursuant to the Inducement Plan. Such stock options shall be non-qualified stock options. The shares subject to such stock options shall vest as follows: one-fourth (1/4th) of the shares subject to the option shall vest on the first anniversary of the Effective Date, and the remaining shares subject to the option shall vest in thirty-six (36) equal monthly installment over the three-year period thereafter, subject to Executive’s continued employment or service with the Company on each such date. Such stock options shall have a ten (10) year term and shall be subject to the terms and conditions of the Inducement Plan and the stock option agreement pursuant to which such stock options are granted. The foregoing stock options are being granted to Executive as an inducement material to Executive’s entering into employment with the Company and are intended to constitute an “employment inducement” award under Nasdaq Marketplace Rule 5635(c)(4).
-

- ii. As soon as practicable following the Effective Date, and subject to the approval of the Compensation Committee of the Board, Executive shall receive 15,000 restricted stock units pursuant to the Inducement Plan. The restricted stock units shall vest as follows: one-fourth (1/4) of the restricted stock units shall vest on each of the first four (4) anniversaries of the Effective Date, subject to Executive's continued employment or service with the Company on each such date. Such restricted stock units shall be subject to the terms and conditions of the Inducement Plan and the restricted stock unit agreement pursuant to which such restricted stock units are granted. The foregoing restricted stock units are being granted to Executive as an inducement material to Executive's entering into employment with the Company and are intended to constitute an "employment inducement" award under Nasdaq Marketplace Rule 5635(c)(4).
- iii. Executive shall be entitled to participate in any equity or other employee benefit plan that is generally available to senior executive officers, as distinguished from general management, of the Company. Except as otherwise provided in this Agreement, Executive's participation in and benefits under any such plan shall be on the terms and subject to the conditions specified in the governing document of the particular plan.

g. Stock Award Acceleration.

- i. In the event of a Change in Control, the vesting and exercisability of fifty percent (50%) of Executive's outstanding unvested Stock Awards shall be automatically accelerated effective immediately prior to the consummation of such Change in Control.
 - ii. In the event of Executive's Involuntary Termination or Executive's Separation from Service by reason of Executive's death or discharge by the Company following Executive's Permanent Disability, the vesting and/or exercisability of each of Executive's outstanding unvested Stock Awards shall be automatically accelerated on the date of Executive's Separation from Service as to the number of Stock Awards that would vest over the twelve (12) month period following the date of Executive's Separation from Service had Executive remained continuously employed by the Company during such period.
-

- iii. In the event of Executive's Involuntary Termination within three (3) months prior to or twelve (12) months following a Change in Control, the vesting and/or exercisability of any outstanding unvested portions of such Stock Awards shall be automatically accelerated on the later of (A) the date of Executive's Separation from Service and (B) the date of the Change in Control (provided, however, that unless otherwise expressly provided in a Stock Award Agreement, any Stock Awards that are restricted stock units shall only be eligible for accelerated vesting pursuant to this clause (iii) in the event of an Involuntary Termination within twelve (12) months following a Change in Control and an Involuntary Termination preceding a Change in Control will not trigger acceleration under this clause (iii)). In addition, with respect to Stock Awards granted to Executive on or after the Effective Date, such Stock Awards may be exercised by Executive (or Executive's legal guardian or legal representative) until the latest of (A) three (3) months after the date of Executive's Separation from Service, (B) with respect to any portion of the Stock Awards that become exercisable on the date of a Change in Control pursuant to this Section 3(g)(iii), three (3) months after the date of the Change in Control, or (C) such longer period as may be specified in the applicable Stock Award agreement; provided, however, that in no event shall any Stock Award remain exercisable beyond the original outside expiration date of such Stock Award.
- iv. The vesting pursuant to clauses (i), (ii) and (iii) of this Section 3(g) shall be cumulative. The foregoing provisions are hereby deemed to be a part of each Stock Award and to supersede any less favorable provision in any agreement or plan regarding such Stock Award.

h. Relocation.

- i. The Company expects Executive to relocate his principal place of residence from Cary, North Carolina to the San Francisco Bay Area on or before September 1, 2019. In furtherance of Executive's relocation, the Company shall pay for or reimburse Executive in accordance with the Company's written expense reimbursement policies and procedures for (i) the movement of Executive's reasonable household goods, which includes two automobiles (excluding extraordinary or unusual moving costs such as boat, recreational vehicle, playground equipment), (ii) reimbursement for up to two (2) house hunting trips to the San Francisco Bay Area for Executive, his spouse and his dependent children and (iii) reimbursement for transportation for Executive, his spouse and his dependent children from North Carolina to the San Francisco Bay Area.
-

ii. In addition, the Company shall pay to Executive a tax gross-up (the “Tax Gross-Up”) for any federal and state income and employment taxes Executive is required to pay resulting from the Relocation Reimbursement and from the Tax Gross-Up, which Tax Gross-Up shall be paid in accordance with Treasury Regulation Section 1.409A-3(i)(1)(v). The Relocation Reimbursement and any Tax Gross-Up shall be subject to an aggregate cap of \$220,000. All amounts eligible for the Relocation Reimbursement must be incurred by and paid to Executive during the term of his employment with the Company. The Relocation Reimbursement and the Tax Gross-Up shall be paid to Executive within thirty (30) days following the Company’s receipt of a written request for such reimbursement, but subject to receipt by the Company of supporting receipts and/or documentation and/or receipts in form and substance reasonably acceptable to the Company. If Executive voluntarily terminates his employment without Good Reason prior to the first anniversary of the Effective Date, Executive shall repay to the Company a pro rata portion of the Relocation Reimbursement and any Tax Gross-Up based on the number of days elapsed in the one-year period ending on the first anniversary of the Effective Date. The Company will have the right to offset such amounts against any compensation otherwise payable to Executive on the date of Executive’s termination of employment.

iii. In addition to the foregoing, during the period commencing on the Effective Date and ending on the earlier of (A) the date Executive relocates his primary residence to the San Francisco Bay Area or (B) September 1, 2019, the Company will pay for or reimburse Executive for temporary housing in the San Francisco Bay Area, subject to the Company’s prior approval of Executive’s temporary housing arrangements.

i. Attorneys' Fees. The Company will reimburse Executive for up to \$5,000 in attorneys' fees incurred by Executive in connection with the review of this Agreement. Such reimbursement will be paid to Executive within thirty (30) days following the Company’s receipt of a written request for such reimbursement, but subject to receipt by the Company of supporting receipts and/or documentation and/or receipts in form and substance reasonably acceptable to the Company.

3. Severance. Executive shall be entitled to receive benefits upon a Separation from Service only as set forth in this Section 4:

a. At-Will Employment; Termination. The Company and Executive acknowledge that Executive’s employment is and shall continue to be at-will, as defined under applicable law, and that Executive’s employment with the Company may be terminated by either party at any time for any or no reason, with or without notice. If Executive’s employment terminates for any reason, Executive shall not be entitled to any payments, benefits, damages, awards or compensation other than as provided in this Agreement. Executive’s employment under this Agreement shall be terminated immediately on the death of Executive.

b. Separation from Service by Death or Following Permanent Disability. Subject to Sections 4(e) and 9(o) and Executive's continued compliance with Section 5, in the event of Executive's Separation from Service as a result of Executive's death or discharge by the Company following Executive's Permanent Disability, Executive or Executive's estate, as applicable, shall be entitled to receive, in lieu of any severance benefits to which Executive or Executive's estate may otherwise be entitled under any severance plan or program of the Company, the benefits provided below, which, with respect to clause (ii) below will be payable in a lump sum within ten (10) days following the effective date of Executive's Release (or, in the event of Executive's incapacity as a result of his Permanent Disability, the Release executed by Executive's legal representative) (or, in the event of Executive's death, within ten (10) days following the date of Executive's death):

- i. the Company shall pay to Executive or Executive's estate, as applicable, Executive's fully earned but unpaid base salary, when due, through the date of Executive's Separation from Service at the rate then in effect, plus all other benefits, if any, under any Company group retirement plan, nonqualified deferred compensation plan, equity award plan or agreement (other than any such plan or agreement pertaining to Stock Awards whose treatment is prescribed by Section 3(g) above), health benefits plan or other Company group benefit plan to which Executive or Executive's estate may be entitled pursuant to the terms of such plans or agreements at the time of Executive's Separation from Service;
 - ii. Executive or Executive's estate, as applicable, shall be entitled to receive severance pay in an amount equal to twelve (12) multiplied by Executive's monthly base salary as in effect immediately prior to the date of Executive's Separation from Service; and
-

iii. for the period beginning on the date of Executive's Separation from Service and ending on the date which is twelve (12) full months following the date of Executive's Separation from Service (or, if earlier, (1) the date on which the applicable continuation period under the Consolidated Omnibus Budget Reconciliation Act of 1985, as amended ("**COBRA**") expires or (2) the date Executive becomes eligible to receive the equivalent or increased healthcare coverage from a subsequent employer) (such period, the "**COBRA Coverage Period**"), if Executive and/or his eligible dependents who were covered under the Company's health insurance plans as of the date of Executive's Separation from Service elect to have COBRA coverage and are eligible for such coverage, the Company shall reimburse Executive or his estate, as applicable, on a monthly basis for an amount equal to (A) the monthly premium Executive and/or his covered dependents, as applicable, are required to pay for continuation coverage pursuant to COBRA for Executive and/or his eligible dependents, as applicable, who were covered under the Company's health plans as of the date of Executive's Separation from Service (calculated by reference to the premium as of the date of Executive's Separation from Service) less (B) the amount Executive would have had to pay to receive group health coverage for Executive and/or his covered dependents, as applicable, based on the cost sharing levels in effect on the date of Executive's Separation from Service. If any of the Company's health benefits are self-funded as of the date of Executive's Separation from Service, or if the Company cannot provide the foregoing benefits in a manner that is exempt from Section 409A (as defined below) or that is otherwise compliant with applicable law (including, without limitation, Section 2716 of the Public Health Service Act), instead of providing the reimbursements as set forth above, the Company shall instead pay to Executive or his estate, as applicable, the foregoing monthly amount as a taxable monthly payment for the COBRA Coverage Period (or any remaining portion thereof). Executive or his estate, as applicable, shall be solely responsible for all matters relating to continuation of coverage pursuant to COBRA, including, without limitation, the election of such coverage and the timely payment of premiums.

c. Severance Upon Involuntary Termination. Subject to Sections 4(e) and 9(o) and Executive's continued compliance with Section 5, if Executive's employment is Involuntarily Terminated, Executive shall be entitled to receive, in lieu of any severance benefits to which Executive may otherwise be entitled under any severance plan or program of the Company, the benefits provided below, which, with respect to clause (ii) below will be payable in a lump sum within ten (10) days following the effective date of Executive's Release:

- i. the Company shall pay to Executive his fully earned but unpaid base salary, when due, through the date of Executive's Involuntary Termination at the rate then in effect, plus all other benefits, if any, under any Company group retirement plan, nonqualified deferred compensation plan, equity award plan or agreement (other than any such plan or agreement pertaining to Stock Awards whose treatment is prescribed by Section 3(g) above), health benefits plan or other Company group benefit plan to which Executive may be entitled pursuant to the terms of such plans or agreements at the time of Executive's Involuntary Termination;
 - ii. Executive shall be entitled to receive severance pay in an amount equal to twelve (12) multiplied by Executive's monthly base salary as in effect immediately prior to the date of Executive's Involuntary Termination; and
-

- iii. for the COBRA Coverage Period, if Executive and his eligible dependents who were covered under the Company's health insurance plans as of the date of Executive's Involuntary Termination elect to have COBRA coverage and are eligible for such coverage, the Company shall reimburse Executive on a monthly basis for an amount equal to (A) the monthly premium Executive is required to pay for continuation coverage pursuant to COBRA for Executive and his eligible dependents who were covered under the Company's health plans as of the date of Executive's Involuntary Termination (calculated by reference to the premium as of the date of Executive's Involuntary Termination) less (B) the amount Executive would have had to pay to receive group health coverage for Executive and his covered dependents based on the cost sharing levels in effect on the date of Executive's Involuntary Termination. If any of the Company's health benefits are self-funded as of the date of Executive's Involuntary Termination, or if the Company cannot provide the foregoing benefits in a manner that is exempt from Section 409A (as defined below) or that is otherwise compliant with applicable law (including, without limitation, Section 2716 of the Public Health Service Act), instead of providing the reimbursements as set forth above, the Company shall instead pay to Executive the foregoing monthly amount as a taxable monthly payment for the COBRA Coverage Period (or any remaining portion thereof). Executive shall be solely responsible for all matters relating to continuation of coverage pursuant to COBRA, including, without limitation, the election of such coverage and the timely payment of premiums.
- iv. Notwithstanding anything to the contrary in this Section 4(c), and subject to Sections 4(e) and 9(o) and Executive's continued compliance with Section 5, in the event of Executive's Involuntary Termination during the period commencing sixty (60) days prior to a Change in Control and continuing until twelve (12) months following a Change in Control, Executive shall be entitled to receive, in addition to the severance benefits described in clauses (i), (ii) and (iii) above, an amount equal to Executive's Bonus for the year in which Executive's Involuntary Termination occurs, which amount shall be payable in a lump sum within ten (10) days following the later of (A) the effective date of Executive's Release and (B) the date of the Change in Control.
-

- d. Termination for Cause or Voluntary Resignation Without Good Reason. In the event of Executive's termination of employment as a result of Executive's discharge by the Company for Cause or Executive's resignation without Good Reason (other than as a result of Executive's death or Separation of Service by reason of discharge by the Company following Executive's Permanent Disability), the Company shall not have any other or further obligations to Executive under this Agreement (including any financial obligations) except that Executive shall be entitled to receive (i) Executive's fully earned but unpaid base salary, through the date of termination at the rate then in effect, and (ii) all other amounts or benefits to which Executive is entitled under any compensation, retirement or benefit plan or practice of the Company at the time of termination in accordance with the terms of such plans or practices, including, without limitation, any continuation of benefits required by COBRA or applicable law. In addition, in the event of Executive's Separation from Service as a result of Executive's discharge by the Company for Cause or Executive's resignation without Good Reason (other than as a result of Executive's death or Separation of Service by reason of discharge by the Company following Executive's Permanent Disability), all vesting of Executive's unvested Stock Awards previously granted to him by the Company shall cease and none of such unvested Stock Awards shall be exercisable following the date of such termination. The foregoing shall be in addition to, and not in lieu of, any and all other rights and remedies which may be available to the Company under the circumstances, whether at law or in equity.
- e. Release. As a condition to Executive's receipt of any post-termination benefits pursuant to Sections 4(b) and (c) above, Executive (or, in the event of Executive's incapacity as a result of his Permanent Disability, Executive's legal representative) shall execute and not revoke a general release of all claims in favor of the Company (the "**Release**") in the form attached hereto as Exhibit A. In the event the Release does not become effective within the fifty-five (55) day period following the date of Executive's Separation from Service, Executive shall not be entitled to the aforesaid payments and benefits.
- f. Exclusive Remedy. Except as otherwise expressly required by law (e.g., COBRA) or as specifically provided herein, all of Executive's rights to salary, severance, benefits, bonuses and other amounts hereunder (if any) accruing after the termination of Executive's employment shall cease upon such termination. In the event of Executive's termination of employment with the Company, Executive's sole remedy shall be to receive the payments and benefits described in this Section 4. In addition, Executive acknowledges and agrees that he is not entitled to any reimbursement by the Company for any taxes payable by Executive as a result of the payments and benefits received by Executive pursuant to this Section 4, including, without limitation, any excise tax imposed by Section 4999 of the Code. Any payments made to Executive under this Section 4 shall be inclusive of any amounts or benefits to which Executive may be entitled pursuant to the WARN Act or the California WARN Act.
- g. No Mitigation. Except as otherwise provided in Section 4(b)(iii) or 4(c)(iii) above, Executive shall not be required to mitigate the amount of any payment provided for in this Section 4 by seeking other employment or otherwise, nor shall the amount of any payment or benefit provided for in this Section 4 be reduced by any compensation earned by Executive as the result of employment by another employer or self-employment or by retirement benefits; provided, however, that loans, advances or other amounts owed by Executive to the Company may be offset by the Company against amounts payable to Executive under this Section 4.
-

h. Return of the Company's Property. In the event of Executive's termination of employment for any reason, the Company shall have the right, at its option, to require Executive to vacate his offices prior to or on the effective date of separation and to cease all activities on the Company's behalf. Upon Executive's termination of employment in any manner, as a condition to Executive's receipt of any severance benefits described in this Agreement, Executive shall immediately surrender to the Company all lists, books and records of, or in connection with, the Company's business, and all other property belonging to the Company, it being distinctly understood that all such lists, books and records, and other documents, are the property of the Company. Executive shall deliver to the Company a signed statement certifying compliance with this Section 4(h) prior to the receipt of any severance benefits described in this Agreement.

i. Waiver of the Company's Liability. Executive recognizes that his employment is subject to termination with or without Cause for any reason and therefore Executive agrees that Executive shall hold the Company harmless from and against any and all liabilities, losses, damages, costs and expenses, including but not limited to, court costs and reasonable attorneys' fees, which Executive may incur as a result of Executive's termination of employment. Executive further agrees that Executive shall bring no claim or cause of action against the Company for damages or injunctive relief based on a wrongful termination of employment. Executive agrees that the sole liability of the Company to Executive upon termination of this Agreement shall be that determined by this Section 4. In the event this covenant is more restrictive than permitted by laws of the jurisdiction in which the Company seeks enforcement thereof, this covenant shall be limited to the extent permitted by law.

4. Certain Covenants.

- a. Noncompetition. Except as may otherwise be approved by the Board, during the term of Executive's employment, Executive shall not have any ownership interest (of record or beneficial) in, or have any interest as an employee, salesman, consultant, officer or director in, or otherwise aid or assist in any manner, any firm, corporation, partnership, proprietorship or other business that engages in any county, city or part thereof in the United States and/or any foreign country in a business which competes directly or indirectly with the Company's business in such county, city or part thereof, so long as the Company, or any successor in interest of the Company to the business and goodwill of the Company, remains engaged in such business in such county, city or part thereof or continues to solicit customers or potential customers therein; provided, however, that Executive may own, directly or indirectly, solely as an investment, securities of any entity which are traded on any national securities exchange if Executive (i) is not a controlling person of, or a member of a group which controls, such entity; or (ii) does not, directly or indirectly, own one percent (1%) or more of any class of securities of any such entity.
-

b. Confidential Information. Executive and the Company have entered into the Company's standard employee proprietary information and inventions agreement (the "Employee Proprietary Information and Inventions Agreement"). Executive agrees to perform each and every obligation of Executive therein contained.

c. Solicitation of Employees. Executive shall not during the term of Executive's employment and for the applicable severance period for which Executive receives severance benefits following any termination hereof pursuant to Section 4(b) or (c) above (regardless of whether Executive receives payment of severance amounts payable thereunder in a lump sum) (the "Restricted Period"), directly or indirectly, solicit or encourage to leave the employment of the Company or any of its affiliates, any employee of the Company or any of its affiliates.

d. Solicitation of Consultants. Executive shall not during the term of Executive's employment and for the Restricted Period, directly or indirectly, hire, solicit or encourage to cease work with the Company or any of its affiliates any consultant then under contract with the Company or any of its affiliates within one year of the termination of such consultant's engagement by the Company or any of its affiliates.

e. Rights and Remedies Upon Breach. If Executive breaches or threatens to commit a breach of any of the provisions of this Section 5 (the "Restrictive Covenants"), the Company shall have the following rights and remedies, each of which rights and remedies shall be independent of the other and severally enforceable, and all of which rights and remedies shall be in addition to, and not in lieu of, any other rights and remedies available to the Company under law or in equity:

i. Specific Performance. The right and remedy to have the Restrictive Covenants specifically enforced by any court having equity jurisdiction, all without the need to post a bond or any other security or to prove any amount of actual damage or that money damages would not provide an adequate remedy, it being acknowledged and agreed that any such breach or threatened breach will cause irreparable injury to the Company and that money damages will not provide adequate remedy to the Company; and

ii. Accounting and Indemnification. The right and remedy to require Executive (A) to account for and pay over to the Company all compensation, profits, monies, accruals, increments or other benefits derived or received by Executive or any associated party deriving such benefits as a result of any such breach of the Restrictive Covenants; and (B) to indemnify the Company against any other losses, damages (including special and consequential damages), costs and expenses, including actual attorneys' fees and court costs, which may be incurred by them and which result from or arise out of any such breach or threatened breach of the Restrictive Covenants.

f. Severability of Covenants/Blue Pencilling. If any court determines that any of the Restrictive Covenants, or any part thereof, is invalid or unenforceable, the remainder of the Restrictive Covenants shall not thereby be affected and shall be given full effect, without regard to the invalid portions. If any court determines that any of the Restrictive Covenants, or any part thereof, are unenforceable because of the duration of such provision or the area covered thereby, such court shall have the power to reduce the duration or area of such provision and, in its reduced form, such provision shall then be enforceable and shall be enforced. Executive hereby waives any and all right to attack the validity of the Restrictive Covenants on the grounds of the breadth of their geographic scope or the length of their term.

g. Enforceability in Jurisdictions. The Company and Executive intend to and do hereby confer jurisdiction to enforce the Restrictive Covenants upon the courts of any jurisdiction within the geographical scope of such covenants. If the courts of any one or more of such jurisdictions hold the Restrictive Covenants wholly unenforceable by reason of the breadth of such scope or otherwise, it is the intention of the Company and Executive that such determination not bar or in any way affect the right of the Company to the relief provided above in the courts of any other jurisdiction within the geographical scope of such covenants, as to breaches of such covenants in such other respective jurisdictions, such covenants as they relate to each jurisdiction being, for this purpose, severable into diverse and independent covenants.

h. Definitions. For purposes of this Section 5, the term “Company” means not only Zogenix, Inc., but also any company, partnership or entity which, directly or indirectly, controls, is controlled by or is under common control with Zogenix, Inc.

i. Whistleblower Provision. Nothing herein is intended to or shall prevent Executive from communicating directly with, cooperating with, or providing information to, any federal, state or local government regulator, including, but not limited to, the U.S. Securities and Exchange Commission, the U.S. Commodity Futures Trading Commission, or the U.S. Department of Justice. Executive acknowledges that the Company has provided Executive with the following notice of immunity rights in compliance with the requirements of the Defend Trade Secrets Act: (i) Executive shall not be held criminally or civilly liable under any Federal or State trade secret law for the disclosure of proprietary information of the Company that is made in confidence to a Federal, State, or local government official or to an attorney solely for the purpose of reporting or investigating a suspected violation of law, (ii) Executive shall not be held criminally or civilly liable under any Federal or State trade secret law for the disclosure of proprietary information of the Company that is made in a complaint or other document filed in a lawsuit or other proceeding, if such filing is made under seal and (iii) if Executive files a lawsuit for retaliation by the Company for reporting a suspected violation of law, Executive may disclose the proprietary information to my attorney and use the proprietary information in the court proceeding, if Executive files any document containing the proprietary information under seal, and does not disclose the proprietary information, except pursuant to court order.

5. Insurance: Indemnification.

a. Insurance. The Company shall have the right to take out life, health, accident, “key-man” or other insurance covering Executive, in the name of the Company and at the Company’s expense in any amount deemed appropriate by the Company. Executive shall assist the Company in obtaining such insurance, including, without limitation, submitting to any required examinations and providing information and data required by insurance companies.

b. Indemnification. Executive will be provided with indemnification against third party claims related to his work for the Company as required by Delaware law. The Company shall provide Executive with directors and officers liability insurance coverage at least as favorable as that which the Company may maintain from time to time for members of the Board and other executive officers.

6. Arbitration. Any dispute, claim or controversy based on, arising out of or relating to Executive's employment or this Agreement shall be settled by final and binding arbitration in Alameda County, California, before a single neutral arbitrator in accordance with the National Rules for the Resolution of Employment Disputes (the "Rules") of the American Arbitration Association, and judgment on the award rendered by the arbitrator may be entered in any court having jurisdiction. The Rules may be found online at www.adr.org. Arbitration may be compelled pursuant to the California Arbitration Act (Code of Civil Procedure §§ 1280 *et seq.*). If the parties are unable to agree upon an arbitrator, one shall be appointed by the AAA in accordance with its Rules. Each party shall pay the fees of its own attorneys, the expenses of its witnesses and all other expenses connected with presenting its case; however, Executive and the Company agree that, to the extent permitted by law, the arbitrator may, in his or her discretion, award reasonable attorneys' fees to the prevailing party; provided, further, that the prevailing party shall be reimbursed for such fees, costs and expenses within forty-five (45) days following any such award, but in no event later than the last day of Executive's taxable year following the taxable year in which the fees, costs and expenses were incurred; provided, further, that the parties' obligations pursuant to this sentence shall terminate on the tenth (10th) anniversary of the date of Executive's termination of employment. Other costs of the arbitration, including the cost of any record or transcripts of the arbitration, AAA's administrative fees, the fee of the arbitrator, and all other fees and costs, shall be borne by the Company. This Section 7 is intended to be the exclusive method for resolving any and all claims by the parties against each other for payment of damages under this Agreement or relating to Executive's employment; provided, however, that Executive shall retain the right to file administrative charges with or seek relief through any government agency of competent jurisdiction, and to participate in any government investigation, including but not limited to (i) claims for workers' compensation, state disability insurance or unemployment insurance; (ii) claims for unpaid wages or waiting time penalties brought before the California Division of Labor Standards Enforcement; provided, however, that any appeal from an award or from denial of an award of wages and/or waiting time penalties shall be arbitrated pursuant to the terms of this Agreement; and (iii) claims for administrative relief from the United States Equal Employment Opportunity Commission and/or the California Department of Fair Employment and Housing (or any similar agency in any applicable jurisdiction other than California); provided, further, that Executive shall not be entitled to obtain any monetary relief through such agencies other than workers' compensation benefits or unemployment insurance benefits. This Agreement shall not limit either party's right to obtain any provisional remedy, including, without limitation, injunctive or similar relief, from any court of competent jurisdiction as may be necessary to protect their rights and interests pending the outcome of arbitration, including without limitation injunctive relief, in any court of competent jurisdiction pursuant to California Code of Civil Procedure § 1281.8 or any similar statute of an applicable jurisdiction. Seeking any such relief shall not be deemed to be a waiver of such party's right to compel arbitration. Both Executive and the Company expressly waive their right to a jury trial.

7. General Relationship. Executive shall be considered an employee of the Company within the meaning of all federal, state and local laws and regulations including, but not limited to, laws and regulations governing unemployment insurance, workers' compensation, industrial accident, labor and taxes.

8. Miscellaneous.

a. Modification; Prior Claims. This Agreement and the Employee Proprietary Information and Inventions Agreement set forth the entire understanding of the parties with respect to the subject matter hereof, supersedes all existing agreements between them concerning such subject matter, including any offer letter provided to Executive by the Company. This Agreement may be amended or modified only with the written consent of Executive and an authorized representative of the Company. No oral waiver, amendment or modification will be effective under any circumstances whatsoever.

- b. Assignment; Assumption by Successor. The rights of the Company under this Agreement may, without the consent of Executive, be assigned by the Company, in its sole and unfettered discretion, to any person, firm, corporation or other business entity which at any time, whether by purchase, merger or otherwise, directly or indirectly, acquires all or substantially all of the assets or business of the Company. The Company will require any successor (whether direct or indirect, by purchase, merger or otherwise) to all or substantially all of the business or assets of the Company expressly to assume and to agree to perform this Agreement in the same manner and to the same extent that the Company would be required to perform it if no such succession had taken place; provided, however, that no such assumption shall relieve the Company of its obligations hereunder. As used in this Agreement, the “Company” shall mean the Company as hereinbefore defined and any successor to its business and/or assets as aforesaid which assumes and agrees to perform this Agreement by operation of law or otherwise.
- c. Survival. The covenants, agreements, representations and warranties contained in or made in Sections 3(g), 4, 5, 6, 7 and 9 of this Agreement shall survive any Executive’s termination of employment.
- d. Third-Party Beneficiaries. This Agreement does not create, and shall not be construed as creating, any rights enforceable by any person not a party to this Agreement.
- e. Waiver. The failure of either party hereto at any time to enforce performance by the other party of any provision of this Agreement shall in no way affect such party’s rights thereafter to enforce the same, nor shall the waiver by either party of any breach of any provision hereof be deemed to be a waiver by such party of any other breach of the same or any other provision hereof.
- f. Section Headings. The headings of the several sections in this Agreement are inserted solely for the convenience of the parties and are not a part of and are not intended to govern, limit or aid in the construction of any term or provision hereof.
- g. Notices. Any notice required or permitted by this Agreement shall be in writing and shall be delivered as follows with notice deemed given as indicated: (i) by personal delivery when delivered personally; (ii) by overnight courier upon written verification of receipt; (iii) by email, telecopy or facsimile transmission upon acknowledgment of receipt of electronic transmission; or (iv) by certified or registered mail, return receipt requested, upon verification of receipt. Notice shall be sent to Executive at the address listed on the Company’s personnel records and to the Company at its principal place of business, or such other address as either party may specify in writing.
- h. Severability. All Sections, clauses and covenants contained in this Agreement are severable, and in the event any of them shall be held to be invalid by any court, this Agreement shall be interpreted as if such invalid Sections, clauses or covenants were not contained herein.
-

- i. Governing Law and Venue. This Agreement is to be governed by and construed in accordance with the laws of the State of California applicable to contracts made and to be performed wholly within such State, and without regard to the conflicts of laws principles thereof. Except as provided in Sections 5 and 7, any suit brought hereon shall be brought in the state or federal courts sitting in Alameda County, California, the parties hereto hereby waiving any claim or defense that such forum is not convenient or proper. Each party hereby agrees that any such court shall have in personam jurisdiction over it and consents to service of process in any manner authorized by California law.
- j. Non-transferability of Interest. None of the rights of Executive to receive any form of compensation payable pursuant to this Agreement shall be assignable or transferable except through a testamentary disposition or by the laws of descent and distribution upon the death of Executive. Any attempted assignment, transfer, conveyance, or other disposition (other than as aforesaid) of any interest in the rights of Executive to receive any form of compensation to be made by the Company pursuant to this Agreement shall be void.
- k. Gender. Where the context so requires, the use of the masculine gender shall include the feminine and/or neuter genders and the singular shall include the plural, and vice versa, and the word “person” shall include any corporation, firm, partnership or other form of association.
- l. Counterparts. This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same Agreement.
- m. Construction. The language in all parts of this Agreement shall in all cases be construed simply, according to its fair meaning, and not strictly for or against any of the parties hereto. Without limitation, there shall be no presumption against any party on the ground that such party was responsible for drafting this Agreement or any part thereof.
- n. Withholding and other Deductions. All compensation payable to Executive hereunder shall be subject to such deductions as the Company is from time to time required to make pursuant to law, governmental regulation or order.
- o. Code Section 409A.
-

- i. This Agreement is not intended to provide for any deferral of compensation subject to Section 409A of the Code, and, accordingly, the severance payments payable under Sections 4(b)(ii) and 4(c)(ii) and (iv) shall be paid no later than the later of: (A) the fifteenth (15th) day of the third month following Executive's first taxable year in which such amounts are no longer subject to a substantial risk of forfeiture, and (B) the fifteenth (15th) day of the third month following first taxable year of the Company in which such amounts are no longer subject to substantial risk of forfeiture, as determined in accordance with Code Section 409A and any Treasury Regulations and other guidance issued thereunder. To the extent applicable, this Agreement shall be interpreted in accordance with Code Section 409A and Department of Treasury regulations and other interpretive guidance issued thereunder. Each series of installment payments made under this Agreement is hereby designated as a series of "separate payments" within the meaning of Section 409A of the Code. For purposes of this Agreement, all references to Executive's "termination of employment" shall mean Executive's Separation from Service.
 - ii. If Executive is a "specified employee" (as defined in Section 409A of the Code), as determined by the Company in accordance with Section 409A of the Code, on the date of Executive's Separation from Service, to the extent that the payments or benefits under this Agreement are subject to Section 409A of the Code and the delayed payment or distribution of all or any portion of such amounts to which Executive is entitled under this Agreement is required in order to avoid a prohibited distribution under Section 409A(a)(2)(B)(i) of the Code, then such portion deferred pursuant to this Section 9(o)(ii) shall be paid or distributed to Executive in a lump sum on the earlier of (A) the date that is six (6)-months following Executive's Separation from Service, (B) the date of Executive's death or (C) the earliest date as is permitted under Section 409A of the Code. Any remaining payments due under the Agreement shall be paid as otherwise provided herein.
 - iii. To the extent applicable, this Agreement shall be interpreted in accordance with the applicable exemptions from Section 409A of the Code. If Executive and the Company determine that any payments or benefits payable under this Agreement intended to comply with Sections 409A(a)(2), (3) and (4) of the Code do not comply with Section 409A of the Code, Executive and the Company agree to amend this Agreement, or take such other actions as Executive and the Company deem reasonably necessary or appropriate, to comply with the requirements of Section 409A of the Code and the Treasury Regulations thereunder (and any applicable transition relief) while preserving the economic agreement of the parties. To the extent that any provision in this Agreement is ambiguous as to its compliance with Section 409A of the Code, the provision shall be read in such a manner that no payments payable under this Agreement shall be subject to an "additional tax" as defined in Section 409A(a)(1)(B) of the Code.
-

- iv. Any reimbursement of expenses or in-kind benefits payable under this Agreement shall be made in accordance with Treasury Regulation Section 1.409A-3(i)(1)(iv) and shall be paid on or before the last day of Executive's taxable year following the taxable year in which Executive incurred the expenses. The amount of expenses reimbursed or in-kind benefits payable during any taxable year of Executive's shall not affect the amount eligible for reimbursement or in-kind benefits payable in any other taxable year of Executive's, and Executive's right to reimbursement for such amounts shall not be subject to liquidation or exchange for any other benefit.
- v. In the event that the amounts payable under Sections 4(b)(ii) and 4(c)(ii) and (iv) are subject to Section 409A of the Code and the timing of the delivery of Executive's Release could cause such amounts to be paid in one or another taxable year, then notwithstanding the payment timing set forth in such sections, such amounts shall not be payable until the later of (A) the payment date specified in such section or (B) the first business day of the taxable year following Executive's Separation from Service.

1. General Release of Claims by Executive.

- a. Executive, on behalf of himself and his executors, heirs, administrators, representatives and assigns, hereby agrees to release and forever discharge the Company and all predecessors, successors and their respective parent corporations, affiliates, related, and/or subsidiary entities, and all of their past and present investors, directors, shareholders, officers, general or limited partners, employees, attorneys, agents and representatives, and the employee benefit plans in which Executive is or has been a participant by virtue of his employment with or service to the Company (collectively, the “*Company Releasees*”), from any and all claims, debts, demands, accounts, judgments, rights, causes of action, equitable relief, damages, costs, charges, complaints, obligations, promises, agreements, controversies, suits, expenses, compensation, responsibility and liability of every kind and character whatsoever (including attorneys’ fees and costs), whether in law or equity, known or unknown, asserted or unasserted, suspected or unsuspected (collectively, “*Claims*”), which Executive has or may have had against such entities based on any events or circumstances arising or occurring on or prior to the date hereof or on or prior to the date hereof, arising directly or indirectly out of, relating to, or in any other way involving in any manner whatsoever Executive’s employment by or service to the Company or the termination thereof, including any and all claims arising under federal, state, or local laws relating to employment, including without limitation claims of wrongful discharge, breach of express or implied contract, fraud, misrepresentation, defamation, or liability in tort, and claims of any kind that may be brought in any court or administrative agency including, without limitation, claims under Title VII of the Civil Rights Act of 1964, as amended, 42 U.S.C.  - vii. Claims Executive may have to vested or earned compensation and benefits; and
 - viii. Executive’s right to communicate or cooperate with any governmental agency.
-

- a. EXECUTIVE ACKNOWLEDGES THAT HE HAS BEEN ADVISED OF AND IS FAMILIAR WITH THE PROVISIONS OF CALIFORNIA CIVIL CODE SECTION 1542, WHICH PROVIDES AS FOLLOWS:

“A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH, IF KNOWN BY HIM OR HER, MUST HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR.”

BEING AWARE OF SAID CODE SECTION, EXECUTIVE HEREBY EXPRESSLY WAIVES ANY RIGHTS HE MAY HAVE THEREUNDER, AS WELL AS UNDER ANY OTHER STATUTES OR COMMON LAW PRINCIPLES OF SIMILAR EFFECT.

[Note: Clauses (c), (d) and (e) apply only if Executive is age 40 or older at time of termination]

- a. Executive acknowledges that this Release was presented to him on the date indicated above and that Executive is entitled to have [twenty-one (21)][forty-five (45)] days' time in which to consider it. Executive further acknowledges that the Company has advised him that he is waiving her rights under the ADEA, and that Executive should consult with an attorney of his choice before signing this Release, and Executive has had sufficient time to consider the terms of this Release. Executive represents and acknowledges that if Executive executes this Release before [twenty-one (21)][forty-five (45)] days have elapsed, Executive does so knowingly, voluntarily, and upon the advice and with the approval of Executive's legal counsel (if any), and that Executive voluntarily waives any remaining consideration period.
- b. Executive understands that after executing this Release, Executive has the right to revoke it within seven (7) days after his execution of it. Executive understands that this Release will not become effective and enforceable unless the seven (7) day revocation period passes and Executive does not revoke the Release in writing. Executive understands that this Release may not be revoked after the seven (7) day revocation period has passed. Executive also understands that any revocation of this Release must be made in writing and delivered to the Company at its principal place of business within the seven (7) day period.
- c. Executive understands that this Release shall become effective, irrevocable, and binding upon Executive on the eighth (8th) day after his execution of it, so long as Executive has not revoked it within the time period and in the manner specified in clause (d) above.
- d. Executive further understands that Executive will not be given any severance benefits under the Agreement unless this Release is effective on or before the date that is fifty-five (55) days following the date of Executive's termination of employment.
-

1. Whistleblower Provision. Nothing herein shall be construed to prohibit Executive from communicating directly with, cooperating with, or providing information to, any government regulator, including, but not limited to, the U.S. Securities and Exchange Commission, the U.S. Commodity Futures Trading Commission, or the U.S. Department of Justice. Executive acknowledges that the Company has provided Executive with the following notice of immunity rights in compliance with the requirements of the Defend Trade Secrets Act: (i) Executive shall not be held criminally or civilly liable under any Federal or State trade secret law for the disclosure of proprietary information of the Company that is made in confidence to a Federal, State, or local government official or to an attorney solely for the purpose of reporting or investigating a suspected violation of law, (ii) Executive shall not be held criminally or civilly liable under any Federal or State trade secret law for the disclosure of proprietary information of the Company that is made in a complaint or other document filed in a lawsuit or other proceeding, if such filing is made under seal and (iii) if Executive files a lawsuit for retaliation by the Company for reporting a suspected violation of law, Executive may disclose the proprietary information to my attorney and use the proprietary information in the court proceeding, if Executive files any document containing the proprietary information under seal, and does not disclose the proprietary information, except pursuant to court order.

2. No Assignment. Executive represents and warrants to the Company Releasees that there has been no assignment or other transfer of any interest in any Claim that Executive may have against the Company Releasees. Executive agrees to indemnify and hold harmless the Company Releasees from any liability, claims, demands, damages, costs, expenses and attorneys' fees incurred as a result of any such assignment or transfer from Executive.

3. Severability. In the event any provision of this Release is found to be unenforceable by an arbitrator or court of competent jurisdiction, such provision shall be deemed modified to the extent necessary to allow enforceability of the provision as so limited, it being intended that the parties shall receive the benefit contemplated herein to the fullest extent permitted by law. If a deemed modification is not satisfactory in the judgment of such arbitrator or court, the unenforceable provision shall be deemed deleted, and the validity and enforceability of the remaining provisions shall not be affected thereby.

4. Interpretation; Construction. The headings set forth in this Release are for convenience only and shall not be used in interpreting this Agreement. This Release has been drafted by legal counsel representing the Company, but Executive has participated in the negotiation of its terms. Furthermore, Executive acknowledges that Executive has had an opportunity to review and revise the Release and have it reviewed by legal counsel, if desired, and, therefore, the normal rule of construction to the effect that any ambiguities are to be resolved against the drafting party shall not be employed in the interpretation of this Release. Either party's failure to enforce any provision of this Release shall not in any way be construed as a waiver of any such provision, or prevent that party thereafter from enforcing each and every other provision of this Release.

5. Governing Law and Venue. This Release will be governed by and construed in accordance with the laws of the United States of America and the State of California applicable to contracts made and to be performed wholly within such State, and without regard to the conflicts of laws principles thereof. Any suit brought hereon shall be brought in the state or federal courts sitting in Alameda County, California, the Parties hereby waiving any claim or defense that such forum is not convenient or proper. Each party hereby agrees that any such court shall have in personam jurisdiction over it and consents to service of process in any manner authorized by California law.

6. Entire Agreement. This Release and the Agreement constitute the entire agreement of the Parties in respect of the subject matter contained herein and therein and supersede all prior or simultaneous representations, discussions, negotiations and agreements, whether written or oral. This Release may be amended or modified only with the written consent of Executive and an authorized representative of the Company. No oral waiver, amendment or modification will be effective under any circumstances whatsoever.

7. Counterparts. This Release may be executed in multiple counterparts, each of which shall be deemed to be an original but all of which together shall constitute one and the same instrument.

(Signature Page Follows)

IN WITNESS WHEREOF, and intending to be legally bound, the Parties have executed the foregoing Release as of the date first written above.
